# Message from the President

## 會長的話

The year of 2006 has been a period of sustained growth for the Institute. The growth was built on sound footings and aspirations of the previous years. I am also very pleased with dedication shown by members. It is time for us to recapitulate the achievements attained in the past council year. The HKIS Annual Report has always been a proof of the synergies gained within the Institute.

The Institute's participation in Government policy making process has become so significant that the Chief Executive, in his speech for the HKIS Annual Dinner 2006, has repeated his appreciation of the contribution made by the Institute to the society. During the past council year, the Institute has unrelentingly offered many ideas and suggestions for the betterment of the society based on its professional understandings. I am sure the Institute will continue to actively participate in public affairs and play the advocacy role in offering views in response to Government consultation and other statutory bodies' enquiry. The whole surveying profession is committed to city development and management. Members have to uphold this fine tradition.

It is important that the Institute is always at the forefront of real estate development and the construction industries. The Institute should exemplify the importance of professionalism. I am confident that the Institute will grow from strength to strength

and will sustain its position as a recognized premier professional institute in the region.

Wong Chung Hang  
President  
2005-2006

2006年是鞏固學會持續發展的一年，而這些發展肯定是建基於歷年的基礎和理念上。我亦為會員們的熱誠投入感到非常高興。現在是我們回顧去屆工作成果的一個合適時候。《香港測量師學會年報》一直是學會力量協同的例證。

在「香港測量師學會2006年週年晚宴」上，行政長官讚譽了學會積極參與政府政策制訂的工作，認同學會對社會的貢獻。在過去一屆理事會年裡，學會不遺餘力，以其專業見解提出很多意見和建議，目的是為了社會的完善。學會將繼續積極參與公眾事務，扮演倡導者的角色，不斷向政府和其它法定機構的諮詢作出回應。整個測量專業是完全投入城市的建設及管理，這個優良傳統，必須維持下去。

學會一定要站在房地產發展和建造業的最前綫，維護專業精神。我深信學會將不斷進步，越做越好，保持在區內的地位，成為一個被受尊崇的專業團體。

黃仲衡  
會長  
2005-2006

# The Hong Kong Institute of Surveyors

The  
Hong Kong  
Institute  
of  
Surveyors

**T**he Hong Kong Institute of Surveyors was founded in April 1984 and had 85 founder members. The Institute was statutorily incorporated by virtue of the Hong Kong Institute of Surveyors Ordinance in January 1990 (Cap. 1148). In July 1991, there was also passed the Surveyors Registration Ordinance (Cap. 417) to set up a Registration Board to administer the registration of surveyors.

The number of corporate members has grown to 4273 as at December 2006; Members and Fellows – distinguished by the initials MHKIS and FHKIS. In 2006, the Institute has admitted 56 Technical Associates – distinguished by the initials TAHKIS. Apart from this, the total number of training grade members at the end of 2006 was 2559.

To qualify as a corporate member of the Institute, surveyors must possess a recognized academic degree or similar qualification, followed by a minimum of two years supervised professional experience within strict guidelines, followed by an Assessment of Professional Competence (APC).

To qualify as a technical grade member of the Institute, surveyors must possess a cognate sub-degree or diploma or vocational qualification or equivalent as may be approved by the General Council together with a minimum of two years of technical

training of an approved nature mainly in Hong Kong, followed by an Assessment of Technical Competence (ATC).

As a reputable and responsible professional body of surveyors, the Institute has always maintained vigorous assessment standards for entry to the profession and has also maintained high professional and ethical standards of member surveyors, through the various codes of professional practices, the code of ethics, and continuing professional development. The Institute has taken on an important and responsive consultative role in government policy making particularly on issues affecting land, property, construction.

The title “Surveyor” embraces a number of disciplines involved with land and its development with lands and buildings, covering an extremely wide scope. Some surveyors work in private practices and others may work for a landowner, developer, building contractor or government departments and related bodies. A **land surveyor** measures and records the shape and position of the land, define the boundary and set out the legal boundaries of the sites. A **general practice surveyor** advises on the best use of the land, assesses the feasibility and viability of the proposed development project as well as the valuation, marketing, sale, leasing and management of completed developments. A **planning and development surveyor** further advises on the possible change of zoning, the

likely environmental impacts and make suggestion on preliminary development contents. A **quantity surveyor** is concerned with the building contractual arrangements and cost control will evaluate the likely cost of the development project and advises on the most suitable kind of contract for the project. A **building surveyor** is involved in the construction and maintenance of the building. A **property and facility management surveyor** provides a comprehensive range of service in real estate management.

The Institute has established and continue to expand its presence in the international scene through reciprocity relationships with other national surveying bodies and through membership in relevant world bodies and international organizations in order to maintain its professional edge at international level. The Institute is

one of the three founding members, apart from the Singapore Institute of Surveyors and the Institution of Surveyors, Malaysia, of the Surveyors' Alliance Asia which was inaugurated in November 2004. The Institute has reciprocal agreements with:

- The Royal Institution of Chartered Surveyors (RICS)
- The Australian Property Institute (API)
- The New Zealand Property Institute (NZPI)
- The Singapore Institute of Surveyors and Valuers (SISV)
- China Institute of Real Estate Appraisers (CIREA)
- China Engineering Cost Association (CECA)
- China Association of Engineering Consultants (CAEC)

## 香港測量師學會

# 香

港測量師學會於1984年4月正式成立，創會會員人數為85名。其後，1990年香港立法局通過了《香港測量師學會條例》，翌年立法局再通過《測量師註冊條例》成立測量師註冊管理局。

截至2006年12月，香港測量師學會的正式會員總數為4273名分別為「資深專業會員」(Fellow採用FHKIS名銜)及「專業會員」(Member採用MHKIS名銜)；2006年香港測量師學會接納了56位「技術協佐會員」(Technical Associates採用TAHKIS名銜)；除這以外，2006年年底的「培訓級會員」人數一共是2559位。

香港測量師學會的「專業會員」必須完成修讀由香港測量師學會認可的大學測量專業學位課程。其後，必須在專業測量師指導下進行不少於兩年的在職專業工作實習。實習期滿，考生可以向學會報考「專業評核試」(Assessment of Professional Competence簡稱APC)作為最後評核。學會會員必須嚴格遵守由學會制定的專業操守規則。

香港測量師學會的「技術協佐會員」必須完成修讀由香港測量師學會認可的副學士測量專業學位課程。同時必須已取得不少於兩年的在職專業工作實習。實習期滿，考生可以向學會報考「技術評核試」(Assessment of Technical Competence簡稱ATC)作為最後評

核。學會會員必須嚴格遵守由學會制定的專業操守規則。

香港測量師學會主要工作是維護測量專業服務的標準，包括制訂專業守則、釐訂加入專業測量師行列的要求，並鼓勵會員透過持續專業進修以增進專業技能。本會在政府制訂政策方面一直擔當重要的諮詢角色，香港測量師學會曾向政府提供的意見包括樓宇僭建問題、樓宇安全運動、物業管理問題、城市規劃及發展策略、建築質素和房屋問題，並曾就樓宇面積的量度標準發出指引。

服務於公營部門的測量師參與制訂發展策略及政策，從而達到政府的規劃政策目標。服務於私營機構的測量師一般向客戶提供相關專業諮詢服務。測量專業內容非常廣泛，服務範圍包括：「土地測量師」積極參與各類發展項目，包括劃定地界、利用測量結果繪製地圖等；致力使無數人跡罕至及未開發的地區發展成為繁盛的工商業城鎮，因此與人類的文明發展有著莫大的關係。「產業測量師」憑著專業技能及知識，對如何發展、使用及管理物業的細節瞭若指掌，能為客戶提供具實效的意見；其工作涉及產業的規劃、發展、用途、管理以至土地及樓宇估價，為客戶代理以私人協商、招標或拍賣方式租售物業，並處理物業投資的財務及經濟事務。

「規劃及發展測量師」提供一系列有關城市規劃和物業發展的專業服務；除了作出物業發展可行性研究以外，他們更擅長於演繹土地契約條款，能提出如何符合土地契約條款或對條款作出修訂的建議；同時能替土地擁有者向地政署提出修訂地契交回、重批的申請、商討土地條款以至完成地契土地契約簽署的整套的服務。「工料測量師」在房屋建造、土木工程、城市發展、以至礦務及等各

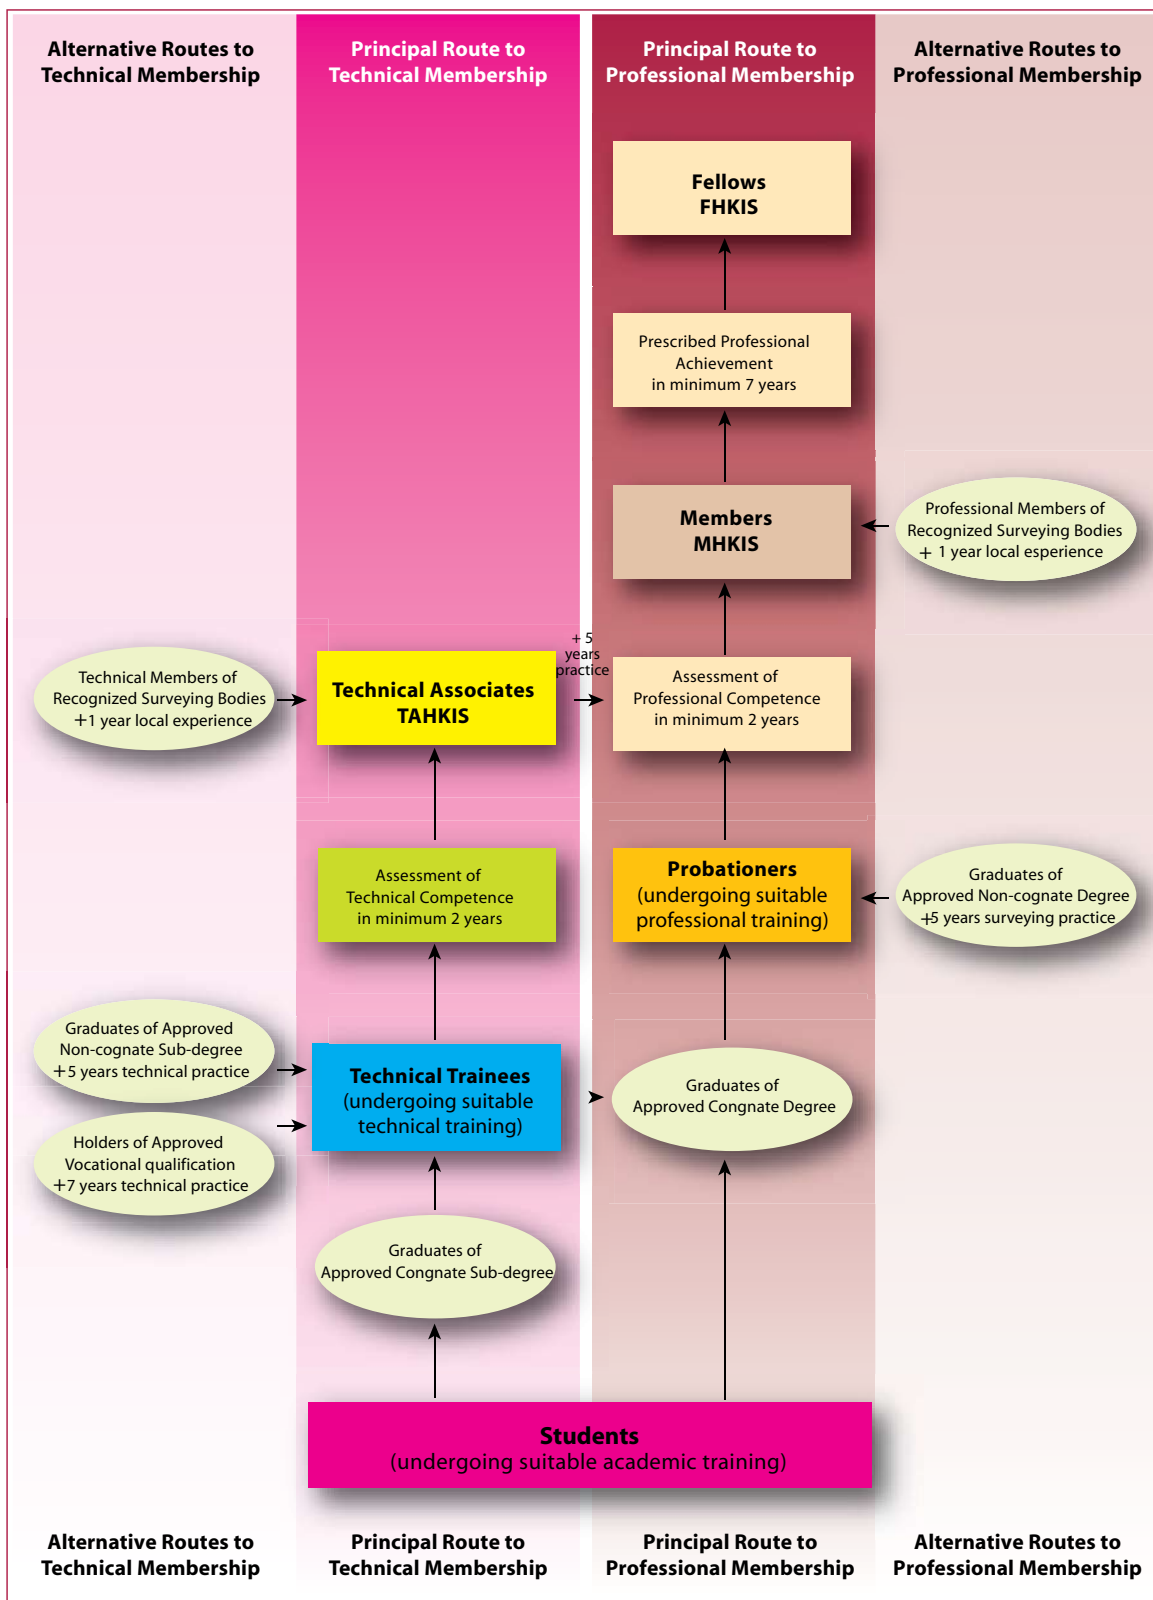

類工程上提供初步成本諮詢成本計劃、招標檔的製訂及相議承包價、建築合約的製訂和管理、工程費的開支預算及成本控制、工程策劃及管理、仲裁建築合約糾紛和建築工程保險損失估值等等。「建築測量師」是勘測建築物的專才，服務範圍包括：就法律訂明的限制條件提供技術顧問服務、在發展項目中代表項目注資人負責發展顧問及工程項目監理工作、在發展階段負責項目管理、而在現有建築物勘測私人及公共樓房安全檢驗、維修管理。「物業設施管理測量師」主要提供廣泛物業及設施管理。在用家要求日高的社會裏，高質素的專業管理服務，實為維持及提高物業價值的不可或缺元素。物業及設施管測量師能為客戶管理各類物業，代與租戶商討租金修訂、租約續期及物業轉租事務，並就物業翻修及重建等事宜提供意見。

香港測量師學會不斷加強與世界各國有關測量專業團體緊密聯繫並且達成互認協定，目的在於增進本地測量專業人員在國際市場的競爭力，並且是2004年11月成立的「亞洲測量師聯盟」三個創會會員之一，其他兩個創會會員是新加坡測量師及估價師學會和馬來西亞測量師學會。香港測量師學會目前和下列海外學會有協議，互相接納對方會員資格：

- 英國皇家特許測量師學會(RICS)
- 澳大利亞房地產學會(API)
- 新西蘭房地產學會(NZPI)
- 新加坡測量師及估價師學會(SISV)
- 中國房地產估價師學會(CIREA)
- 中國建設工程造價管理協會(CECA)
- 中國建設監理協會(CAEC)

## THE HONG KONG INSTITUTE OF SURVEYORS Route to Membership

For indication only. For details, please refer to the Hong Kong Institute of Surveyors Constitution and Bye-Laws.

# Building Surveying Division

## The Building Surveyor

**A** Building Surveyor is as the name implies, a 'Surveyor of Buildings'. A Building Surveyor's core expertise is as described below.

### Survey of New Buildings

- Building control in Buildings Department, HKSAR Government;
- Technical advice on legal restrictions – Buildings Ordinance, Town Planning and Land Leases;
- Development consultancy and project monitoring; and
- Project management during development stage.

### Survey of Existing Buildings

- Building maintenance management (both in the private and public sectors);
- Diagnosis of building defects as 'Building Doctor';
- Building and fire safety inspections;
- Alterations & Additions, refurbishment and renovation;
- Conservation, restoration and rehabilitation of historic heritage;
- Licence application;
- Fire insurance valuation;
- Facilities and property management;

- Building surveys prior to purchase, during hand over or arising from building disputes;
- Expert witness, mediation and arbitration;
- Advise on occupational requirements, spatial planning and management; and
- Management of fitting-out works.

Building Surveyors in private practices are involved in all stages of the development process from inception, completion to operation. They are available to provide tailor-made services for Clients engaging in property development.

### Site Acquisition Stage

The Building Surveyor acts as Project Consultant in advising on the development potential regarding technical and legal implications as follows:

- Restrictions imposed under the Buildings Ordinance, lease conditions and Town Planning Ordinance and also on potential construction difficulties;
- Financial and time considerations affected by the construction aspects; and
- Preparation, finalization and execution of Joint Venture Agreements and Public Private Partnership.

## Development Stage (including Construction Stage)

The Building Surveyor acts as Project Manager (or Project Consultant) to monitor the development and construction process so that the buildings are constructed principally on time, within budget and with the desired quality. The major functions of the Project Manager are:

- Preparation of feasibility studies and Client brief;
- Preparation of budgets and master programme;
- Appointment of the design team, sub-consultants, main contractor, sub-contractors, suppliers;
- Management of the design process and selection of materials;
- Coordination of Government approvals;
- Contract administration and co-ordinating the approval of shop drawings, samples, variations and claims;
- Project monitoring – time, cost and quality controls; and
- Undertaking financial control – cash flow, interim payments and final account procedures.

## Pre-Completion Stage

- Advising on capital costs, running costs and replacement costs for fire insurance purposes;
- Advising on maintenance strategy and preparation of operation & maintenance manuals, as-built drawings and specialists handbooks; and
- Coordinating and approving (on behalf of Clients) of Alterations & Additions works to

building and building services proposed by tenants and occupiers.

## After Completion

Building Surveyors play a major role in the management and maintenance of properties after their completion.

- Advising on construction and legal constraints prior to letting and coordinating the fitting out works;
- Advising on licensing requirements for licensed premises (e.g. restaurants, hotels, child care centres, kindergarten, home for the elderly, etc.) and coordination of the fitting out works;
- Advising on maintenance strategy, planning and implementation of maintenance programmes, from day-to-day to long term;
- Condition surveys of existing buildings and preparation of schedule of dilapidation. Advising on diagnosis of building defects, remedial works and costs; Advising on effects and remedial actions including litigation and compensation;
- Alterations, additions and improvements to existing buildings. Conversion of existing buildings to modern uses and upgrading their provisions to meet current requirements;
- Improvement works required under the Fire Safety (Commercial Premises) Ordinance;
- Acting as expert witness in court and arbitrator in building and contract disputes; and
- Design and management of conservation, restoration and rehabilitation of historic heritage projects.

## Profile of Employment

Building Surveyors are employed in both private and public sectors or engaged in private practices serving Clients of different concerns.

### HKSAR Government and Quasi-Government Agencies

- Buildings Department;
- Housing Department;
- Architectural Services Department;
- Licensing Authority, Home Affairs Department;
- Hospital Authority;
- Urban Renewal Authority;
- Hong Kong Housing Society;
- Mass Transit Railway Corporation;
- Kowloon Canton Railway Corporation;
- Academic institutions and others.

### Private Practices and NGOs

- Private and listed property developers;
- Tung Wah Group of Hospitals, English School Foundation, Salvation Army; and
- Local and major international property consultants offering comprehensive Building Surveying Services.

## Expertise of Building Surveyors

Expertise possessed by professional Building Surveyors can be summarized and grouped in the following nine core areas of services undertaken on behalf of Clients:

- Project Planning and Design;
- Project Management and Monitoring;
- Project Supervision (including acting as

Technically Competent Persons required by Buildings Department);

- Project Revitalization (Alterations and Additions, Conservation, Improvement, Refurbishment and Renovation);
- Building Maintenance Management;
- Building Surveys and Fire Insurance Valuations;
- Building and Fire Safety Inspections and Works Supervision;
- Facilities & Property Management; and
- Disputes Resolution (Expert Witness, Mediation and Arbitration).

### Building Surveyor's Vision

Whenever there is a building need, be it of a new building or existing building, a building surveyor will be able to help finding a satisfactory solution.

# General Practice Division

## The General Practice Surveyor

**L**and is a strategic resource for operation and an investment asset. Interest in land or property is bought and sold for residential, retail, office and industrial uses. These uses require careful planning, continuous management and improvement; properties are also developed as direct investments or securitized and if they are professionally managed, their values will be enhanced.

General Practice Surveyors through their professional training, skill and knowledge are in a position to offer timely and effective advice in connection with the development, use and management of the property resources both for operational needs and investment purposes. They are concerned with the planning, development, use, management, leases administration and valuation of lands and buildings; negotiation of sales and lettings by private treaty and sale by tender or auction; financial and economic aspects of investment in property. And contemporaneously, because of the General Practice Surveyors' understanding of the principles of investment and asset pricing, the profession is ready to respond to the mounting demand for valuation of trade-related business assets and business enterprises.

The services offered by General Practice Surveyors can be wide and varied. They

range from professional and agency services connected with the investigation, valuation, planning, development, acquisition, disposal and management of property to more recently, valuation of franchises and intangibles. The major roles played by General Practice Surveyors are as follows.

### Valuation of Properties

General Practice Surveyors value all types of landed properties for various purposes. The range of valuation services covers:–

- Valuations for sale, purchase, letting and mortgage purposes.
- Statutory valuations relating to resumption, rating, stamp duty, and other taxation purposes.
- Valuations of company portfolios for balance sheet purposes, company floatation, takeovers and mergers.
- Feasibility studies on all types of properties.
- Acting as an expert witness, independent valuer or arbitrator in valuation disputes.

### Development and Town Planning Consultancy

Real estate development is a complex process, which needs professional expertise and judgment. Through proper training and experience, General Practice Surveyors can provide a comprehensive range of professional services covering:

- Market studies and evaluation of

- development opportunities.
- Negotiation with Government on modification, surrender and regrant of land leases.
  - Applications and appeals to Town Planning Board in respect of change of uses.
  - Preparation of detailed financial assessments, cash flow studies and expenditure control systems throughout the development period.
  - Preparation of development and design briefs.
  - Constant monitoring of the development to ensure that it meets the client's requirements and reflects market needs.

### Sales, Lettings and Auctions

General Practice Surveyors, on behalf of clients, negotiate the purchase, sale or leasing of all types of lands and buildings. They may act as auctioneers in the disposal of properties or as owner's agents in selling properties by private treaty or tender. They may also advise on marketing strategy and on the preparation of sale and lease documents.

### Property and Asset Management

In a society of rising user expectations, good quality professional management services are an essential element to sustain and enhance the value of the property. General Practice Surveyors have been involved in the management of all types of properties. They negotiate with tenants on rent review, lease renewal and re-letting of premises. They also advise on situations of refurbishment/renovation and redevelopment. Upon the securitization of properties, General Practice Surveyors will also contribute their expertise to the long range investment strategy and property portfolio planning.

### Business Valuation

Contemporarily, experienced General Practice Surveyors are engaged to provide independent valuation of trade-related business assets and business enterprises in connection with mergers and acquisitions activities in Hong Kong and mainland China.

Apart from their work in the private practice, General Practice Surveyors are also employed by the Hong Kong SAR Government in various departments such as the Lands Department, Rating and Valuation Department and Housing Department to handle work including government land disposal, resumption, rating, taxation, public housing and home ownership scheme so on and so forth.

# Land Surveying Division

The  
Hong Kong  
Institute  
of  
Surveyors

## The Land Surveyor

**B**roadly speaking, land surveying is an art of position fixing. Surveyors involve themselves in all sorts of civil engineering works and land developments such as building houses, roads, bridges, canals, viaducts, defining property boundaries, preparing plans from various surveys and managing properties. Closely related to the development of civilisation of mankind throughout the world, the profession has contributed to the transformation of sparsely populated and undeveloped areas into modern industrial and commercial metropolises. Like other professions, advancement of technology has led to specialisation and land surveying is of no exception.

## Cadastral Surveying

Cadastral Surveying is concerned with the physical determination of boundaries and areas of land properties. It is always advisable for landowners and developers to ascertain the boundaries and area entitlements of their properties by land boundary surveys prior to any land development. There are at present two legislations in Hong Kong which provide for the control of professional services in this aspect. Registered Professional Surveyors of the Land Surveying Division [RPS(LS)] registered under the Surveyors Registration Ordinance and Authorised Land Surveyors [ALS] registered under the Land Survey Ordinance

are well-qualified professionals to conduct land boundary surveys. Under the Land Survey Ordinance, any legal instrument effecting a subdivision of land must be accompanied by a land boundary plan prepared and certified by an ALS for registration with the Land Registry. The main services provided by RPS(LS) and ALS include:

- Re-establishment of land boundaries for valuation, land transaction and various land development purposes;
- Setting out of land boundaries; and
- Preparation of certified plans for subdivision of land parcels.

## Engineering Surveying

This type of surveying relates closely to civil engineering projects. The preparation of initial survey plans for detail design, setting out of critical points for construction and the measurement of earthwork quantities for payment are types of works under this category. Land Surveyors are actively involved in the construction of roads, flyovers, bridges, seawalls, railways, tunnels and skyscrapers. Land surveying techniques are also being used in industries like shipbuilding, aircraft construction and fixing of machinery where high precision on position determination is required. Monitoring of unstable structures, reservoirs, bridges, slopes, and areas is part of the works that may not be familiar to the public but important in protecting lives and properties. Major services provided under this category are:

- Preparation of initial site survey plans;
- Preparation of photo mosaics superimposed with engineering layouts for planning of engineering projects;
- Computation of construction alignments for civil engineering works;
- Setting out pre-determined positions for construction;
- Measurement of earthwork quantities; and
- Monitoring of unstable structures, bridges, reservoirs, slopes and areas.

### Geodetic Surveying

The purpose of Geodetic Surveying is to establish a very accurate main survey framework. It involves the establishment of a national network of horizontal and vertical reference points covering an entire territory. Land Surveyors use very precise equipment for taking measurement over a large area for establishment of accurate survey network. With the advancement of space technology, land surveyors often use a satellite system, called Global Positioning System (GPS), for measuring points which are many or even hundred kilometers apart.

In the Hong Kong SAR, the Lands Department of the Government establishes and maintains the main survey framework. Trigonometrical stations situated on hilltops, traverses installed along roadside and bench marks on bedrock constitute the geodetic control point system. By connecting to the network, any survey can be tied together with respect to a unique reference system. In fact, the position of many land boundaries, roads, railways, bridges and construction works are referred to this system. Major services provided under this category are:

- Taking precise observation and maintaining the monuments of networks of horizontal

and vertical reference points;

- Establishment of a territorial common reference system; and
- Detecting and measuring the movement of the earth's crust for scientific research and reducing the impact of natural disaster.

### Topographic Surveying and Digital Mapping

Mapping is a national service for security and development. Maps have been in use for thousands of years. Besides being a principal means of position locator, accurate maps are necessary for effective management of our environment.

With the use of emerging technology in the Topographic Surveying and map revision, the complete series of 1:1000 scale maps covering the whole territory of Hong Kong have been available in digital form. Digital topographic information is the basic building block to support the sustainable development, natural resources management, environmental protection, urban planning and utilities management. Additionally, Digital Mapping forms the basic foundation for other information systems such as community services information systems, electronic street guide systems, natural disaster management systems, transport management systems and many others. It is foreseeable that many disciplines will benefit from Digital Mapping. As the advancement of technology has resulted in lower system costs and continual improvements in Digital Mapping, a much wider application of digital map data throughout government, business and industry can be achieved.

### Land Information Management

In the Land Information Management

aspects, Land Surveyors are engaged in the collection, integration and dissemination of a wide range of spatial information. With the use of geographic information system technology, Land Information Management is rapidly penetrating a number of application domains such as environmental conservation, urban planning, pollution control, transport management, emergency rescues and many others. Land surveying is the most basic activity to create and maintain building blocks for the setting up of geographic information systems and Land Surveyors are in a good position to make valuable contributions to these systems.

### Photogrammetric Surveying

Photogrammetry is the science of measurement by means of photographs or digital imagery.

The photographs and digital imagery can be captured on ground, under water and in air. Photogrammetric Surveying is the method of producing graphic plans, digital data, and computer model from photographs or digital imagery. Major services/products provided under this category are:

- Digital mapping;
- Digital terrain model;
- Orthophoto/orthoimage;
- 3D digital map;
- Deformation monitoring;
- Landslide investigation; and
- Antiquities and heritage sites recording.

### Hydrographic Surveying

Safe navigation and subaqueous construction require an accurate knowledge of the depth and topography of the seabed. Land Surveyors have used different techniques including the Differential Global Positioning System (DGPS) in the hydrographic survey for positioning. In

harbours and their approaches, the depth has to be constantly monitored. As the seabed is hidden from the naked eyes, its profile is determined by echo sounder which sends sound waves down to the bottom of the sea and calculates the depth by measuring the time required for the signal to return to the surface.

In the Hong Kong SAR, the Government has taken over responsibilities from the British Admiralty for producing navigation charts for the Hong Kong Waters. Major services provided under this category are:

- Measurement of water current;
- Bottom sampling;
- Location of rocks, lights, buoys and wrecks;
- Determination of channel depths and preparation of charts;
- Determination of subaqueous excavation quantities; and
- Collection of any information relating to marine navigation.

# Planning & Development Division

## The Planning & Development Surveyor

**R**eal estate development is a complex process which requires professional inputs of various kinds throughout different stages of the process, from project inception to its completion. Planning & Development Surveyors, as a town planning and development consultant, can provide a comprehensive range of professional services to suit the specific needs of their clients.

### Property Development Development Feasibility Study

Prior to inception of a development proposal, Planning & Development Surveyors provide clients with necessary site search and detailed analysis, and advise them on property values and appropriate land acquisition strategies. They conduct detailed market research to understand specific markets and recommend the appropriate type and mix of land uses, and the optimal scale of development with a view to maximizing project return while minimizing the risks. Development appraisal, covering land and property valuation, cash flow analysis, project return estimation, sensitivity analysis, etc., can be undertaken to test the viability of the development proposal under different scenarios.

### Land Administration Inputs

Planning & Development Surveyors specialize

in the interpretation of lease conditions; can advise on compliance with the lease conditions or any modifications to the lease conditions required; can act for the land owner to submit an application to the Lands Department for a modification (or surrender and re-grant) of their land lease, negotiate with the Government on the lease terms and conditions (including the land premium); and assist in the execution of the lands document.

### Town Planning Applications

Depending on the statutory town plan zoning that the development site falls within development on it may require prior approval from the Town Planning Board. Planning & Development Surveyors can advise on zoning implications and the strategy to submit planning applications, review and or appeal; co-ordinate with other professional experts to prepare the necessary technical impact assessments to support the planning application. Professional services may also be provided in submitting planning objection to gazetted town plan to safeguard the interests of land owners.

### Development Project Management

Property development requires a wide range of inputs from various disciplines. Planning & Development Surveyors can help to set up a right team for development projects with team members coming in at an

appropriate time during the process; monitor the project progress against the development programme, advise on re-distribution of resources and to resolve issues arising during the development process.

### Project Evaluation

In order to update the clients on the change in financial position of the project, Planning & Development Surveyors will carry out continual evaluation of the development proposal throughout the development process. It is done by inputting the actual cash inflow and outflow as well as a more accurate forecast on future incomes and expenditure into the financial model. A regular review of the property market trends can ensure that the development meets the client's requirements apart from the supply and demand situation in the market.

### Town Planning Public Sector

Planning & Development Surveyors are involved in the formulation of planning, lands, housing, environmental and other development strategies and policies; participate in the preparation of statutory town plans under the Town Planning Ordinance and the non-statutory departmental and layout plans. Major development briefs are also prepared to guide development. Through the statutory and non-statutory plans, they regulate and control the type of land use and property development permitted having regard to the relevant planning policies, the environmental context and specific site characteristics.

### Private Sector

Planning & Development Surveyors advise

clients on the extent to which the use and value of their land and property would be affected by town planning and environmental policies. The most common professional services include preparation, coordination and/or submission of planning applications, master layout plans, rezoning requests and planning objections; acting on behalf of clients in making written representations and attending hearing in planning review, appeal cases according to the Town Planning Board and Appeal Board proceedings respectively.

### Other Common Professional Services

Planning & Development Surveyors also assist client in site planning and advise on urban design matters together with the relevant design experts. They also specialize in coordinating large-scale planning studies usually supported by various technical impact assessments e.g. Environmental/Ecological Impact Assessment (EIA), Drainage Impact Assessment (DIA), Traffic Impact Assessment (TIA), Geological Impact Assessment (GIA), Landscape & Visual Impact Assessment (LVIA), Social Impact Assessment (SIA).

# Property & Facility Management Division

## The Property & Facility Management Surveyor

Professional surveyors have always been engaged. As estate surveyors, estate director/managers, property managers, maintenance managers, property service managers, facility managers, etc. in the day to day and strategic management of properties, assets, and estates in the public and private sectors. We have contributed to the professionalism, quality and excellence of the property management of governmental, corporate and private commercial, industrial and residential buildings. Our responsibilities are wide ranging and have included the following: strategic facility planning, asset management, space planning management, real estate design and management, operation and maintenance, property management, corporate real estate and related services.

### Employment of PFMS

Professional Surveyors are employed in over 140 organizations spreading across 10 different sectors. This includes Government, Government agencies, public corporations, developers, property and facility management services providers, multi-national companies, international real estate consultants. We provide in-house or consultancy services in strategic facility planning, asset management, space planning management, real estate design and management, operation and maintenance, property management, corporate real estate and related services.

### Training and Competencies

After obtaining the relevant academic qualification, candidates wanting to become Property and Facility Management Surveyors

are required to undergo at least 400 days of recognized professional training to acquire the required level of professional competence in three major areas of competencies. In the area of Mandatory Competencies, candidates are expected to achieve general knowledge and understanding in all of the following: – Core Skills: Ethics, knowledge of HKIS structure, rules and regulations; Basic business & communication skills: self management, customer care; Information technology, analysis of information and data; Law, dispute resolution and conflict avoidance; and Health, Safety and Environmental Awareness. They are also required to acquire general knowledge and understanding in two of the following Optional Skills: Business management, Organizational Leadership, Negotiation Skills; Managing People and Resources, Recruitment and Selection; and Accounting Principles and Procedures.

Candidates may choose two out of the following four Core Competencies and engage themselves in such breadth and depth in knowledge application and analysis with the ability to give advice. These competencies are grouped under Property Asset Management, Corporate Real Estate, Project Management, and Property Management. Finally candidates are required to achieve general knowledge and understanding in two of the following five Non-Core Competencies: Finance Management, Human Resources and Organization Management, Information Technology and Communication Management, Quality and Performance Management and Benchmarking, and Major Research. This will lead to the knowledge necessary to be an outstanding Property & Facility Management surveyor.

# Quantity Surveying Division

The  
Hong Kong  
Institute  
of  
Surveyors

## The Quantity Surveyor

Quantity Surveyors are professionals who have been trained as construction cost consultants. They possess expert knowledge of costs, values, finance, contractual arrangements and legal matters pertaining to the construction field.

Quantity Surveyors provide appropriate services to suit diverse needs and the majority of their employers or clients include professional quantity surveying firms, private developers, corporations, Government departments and related bodies, building and civil engineering contractors, insurance companies etc.

Quantity Surveyors are equipped to provide advice concerning various disciplines ranging from building construction, and civil and structural engineering, to petro-chemical installations and mineral extraction.

### Preliminary Cost Advice

From the outset, Quantity Surveyors give practical advice on the likely cost of a project. Cost studies and advice including, but not limited to, alternative design solutions, structural forms, choice of materials, construction sequences and maintenance costs are also prepared. From such information, a detailed cost plan is developed for budgetary control.

### Cost Planning

Cost planning is a specialist technique developed by Quantity Surveyors. Its aim is to help all members of the design team – architects, engineering consultants, interior design specialists and the like – to jointly maximize practical and aesthetic design solutions for a project whilst keeping within the Client's budget.

Once a cost plan is prepared, and a realistic estimate agreed, effective cost planning ensures that everything that follows is in accord with the plan, from the acceptance of the successful contractor's tender to the final project cost.

In planning construction costs, maintenance and running costs are borne in mind, thus helping to achieve a project that is cost effective throughout its life.

### Cost Control & Financial Management

Cost control is one of the most important processes in any capital project. The basic objectives are to achieve for the client the best value for money, to maintain the required balance of expenditure between the various parts of the project, and to keep the final expenditure within the client's approved budget.

When clients, or their consultants, decide to effect changes to the designs and introduce variations, Quantity Surveyors rapidly assess

and report the cost implications of the changes.

In principle, cost control consists of three basic steps; namely:

- establishing an overall cost target,
- checking any deviations that affect the cost target, and
- taking such remedial action as is necessary to preserve the target.

In practice, the process of cost control embraces a range of professional activities such as cost analyses of earlier projects, cost planning/estimating, cost studies of alternative construction options, cost checking during the design stage, cost reconciliation during the tendering stage, and cost monitoring during the construction stage.

Cost planning facilitates improved economic standards, and so better value for money, during the design stage, whilst constant monitoring during the construction phase ensures that the risk of overspending is identified early so that prompt corrective action may be taken.

Cost estimates and financial reports, which are regularly produced by Quantity Surveyors, form an important aspect of the financial management of capital projects. Periodic financial reports enable clients to anticipate and control their future financial commitments.

### Value Management

Value management is a systematic approach to eliminate waste from a design or client's brief, while at the same time retaining the safety and key functions of the project.

The objective of value management is to provide the project functions to the required standard and quality having regard to the best value for the money expended. This does not necessarily mean at the lowest initial cost, but the highest value considering all factors impacting upon the project as a whole.

Quantity Surveyors are well qualified to lead value management studies on a project. The structured nature of value management permits the project team to obtain a clearer understanding of the project functions and objectives hence being able to reduce unnecessary costs. Value management also addresses the whole life implications of the building design both in terms of cost and the client's business objectives.

### Procurement Methods

Quantity Surveyors have the expertise, knowledge and tools required in the selection of the "right" contractors and suppliers for any given project.

No two projects are the same. Most major projects (and many smaller ones) are individual challenges and need individual solutions.

The most common method of procurement is through competitive tendering based on a variety of forms of contract and options. The bills of quantities prepared by Quantity Surveyors have been used world-wide as the basis of tendering for many decades. During construction, bills of quantities also form a crucial element in effective cost control as well as the basis for the valuation of variations.

On occasions, the situation may warrant other forms of tendering and contractual arrangements. These include design

and build, guaranteed maximum price, construction management, prime cost contract and cost plus, to name just a few. Quantity Surveyors provide advice on the best choice of contractual arrangement to suit the circumstances of each individual project.

### Tendering

Competitive tendering of one kind or another remains the usual basis for awarding construction contracts, and bills of quantities are fundamental to this process. Bills of quantities translate the drawings, plans and specifications produced by the designer into a document that enables a contractor to calculate his tender price fairly and accurately, on exactly the same basis as his competitors.

### Valuation of Construction Works

In most construction contracts, the contractor is paid monthly. Quantity Surveyors prepare interim valuations of the work carried out on the project at regular intervals and submit recommendations for payment.

Quantity Surveyors are normally retained throughout and beyond the completion of the project in order to facilitate the settlement of the accounts, when all necessary adjustments are dealt with. If required, they will also prepare any analyses of the final account that may be required, prepare statements of expenditure for tax or accountancy purposes, and assess the project's replacement value for insurance.

### Financial Claims & Programme Analysis

Quantity surveyors also prepare, and provide specialist advice and responses to, claims, counterclaims and the like, for both time and money, including:

- extension of time analysis: forensic analysis and delay demonstration techniques;
- delay and disruption: time slicing, project analysis and productivity analysis; and
- direct loss and/or expense: preparation of claims, responses to claims, auditing and analysis.

### Dispute Resolution

If disputes arise, Quantity Surveyors offer the following expertise and technical knowledge:

- independent appraisal of the strengths and weaknesses of an employer's and/or a contractor's case concerning quantum;
- technical advice and assistance throughout the dispute resolution process;
- preparation of particularized documents including technical position papers, assistance with pleadings, further and better particulars and witness statements; and
- when suitably experienced, to act as expert witnesses for quantum or other associated specialist areas.

### Insurance Advice

Quantity Surveyors may choose to pursue their career in the field of construction insurance. The construction insurance professionals work in a variety of capacities in different organizations; examples of which include:

- insurance administration personnel working for contractors/developers/consultants/public entities/Government/insurers/or other employers;
- loss adjusters for loss adjusting firms on behalf of the insurers;
- underwriting personnel for insurance brokers/insurers; and
- risk assessment personnel for insurance broker/insurers.

# Junior Organization

**T**he Junior Organization (JO) is a section of the Hong Kong Institute of Surveyors representing the interests of more than 3,500 members – comprising student members, probationers and young qualified members of all divisions – the power of the surveying profession in future.

A JO representative, usually the Chairman of JO, sits on the General Council and Executive Committee of the Institute and JO representatives are nominated to various Divisions, Boards, Panels, Committees and Working Groups of the Institute in order to express the views from JO members' perspective.

JO organises CPD and PQSL events to provide opportunities for our members to learn from outstanding personalities of the industry, academic or government and also help student members to tackle the Assessment of Professional Competence (APC). It organises and participates in various social events such as leadership training, sports competition, dragon boat competition, volunteering services, fund raising campaigns, annual dinner and wine tasting training. Apart from the traditional events, it continues to create new themes for members such as goodwill visits to the Mainland and other professional institutions, these are introduced to provide an excellent opportunity for JO members to train their presentation skills and learn from celebrities within our society.

Beyond the Institute, JO encourages young members to participate in different kinds of activities. For example, JO members are actively involved in the annual Education & Careers Expo and HK Real Estates Service Expo in Mainland, which are organized by the Hong Kong Trade and Development Council, with senior members appointed by the General Council and Divisions. Furthermore, educational visits to universities and promotional visits to colleges and schools have been organised to communicate with undergraduates of universities and to promote the surveying profession respectively.

# President's Report

## 會長報告

The year 2006 has been a period of continued growth and opportunity for the Institute. In looking back over the last year, I find that the most striking aspect of the Institute has been members' enthusiasm. Every member I met has been very active and self-motivated in serving the Institute. As the President, I am deeply indebted to all members who have made their contribution to the Institute as a result of their own initiative and dedication.

### Corporate Values and Strategic Directions

At the beginning of the Council year, key members of the General Council joined the HKIS Retreat 2006. They exchanged views on various issues concerning management of the Institute. The Retreat eventually defined the six corporate values for the Institute, namely social responsibility, thought leadership, sense of ownership, membership care, integrity and professionalism. Since then, the six corporate values have much influenced on the Institute's policy. My management philosophy for the Institute was virtually based on these agreed values.

The HKIS Retreat 2006 has also reviewed the Institute's strategic directions in response to concerns raised by members. The redefined strategic directions can be summarized as follows:

- To enhance official recognition of surveyors in related services in Hong Kong and on the Mainland;

- To enhance the image of surveyors through promotion of greater awareness of professional standards;
- To secure members' sense of belonging to the Institute and their support to the Institute's affairs and activities;
- To increase the Institute's membership in Hong Kong and on the Mainland;
- To uphold the Institute's qualifying examination standards and practical experience requirements in the face of changing business demands; and
- To maintain members' competitiveness in facing globalization, technology change, specialization and market diversification.

### Action Plans

The third achievement realized during the HKIS Retreat 2006 was the formulation of those far-reaching action plans. They have now been implemented and will be monitored to ensure the Institute's overall competitiveness. However, members should understand that time is needed to accomplish all the action plans with good results. In the following, I would like to outline the current progress of some of the action plans:

- The Administrative Committee will further look into the requirements of appointing a Secretary General such that the Institute could be managed in a more business like manner.
- The Board of Professional Development will further study the certification of specialization. The board has consolidated

comments collected at the discussion forum held last year. Questionnaires have recently been sent out to all General Council members. The proposed Certified Surveyors Scheme will be finalized upon the completion of the analysis work on the returned questionnaires.

- As part of the Institute's Mainland policy, forums have been formed in Beijing, Shanghai and Guangzhou with a view to providing more networking services and continuing professional development events for members working or living in the Mainland.
- The terms of reference of HKIS ambassadors have been finalized. Three senior members have been appointed as the first batch of ambassadors to represent the Institute. They will lobby government organizations in Hong Kong and on the Mainland to recognize surveyors' services in all related fields.
- To cope with the professional development and to maintain an effective self-regulatory framework, a list of volunteers in support of such affairs will be prepared. A letter has been sent out to encourage more members to participate in the Institute's affairs and activities.

### **Commitment to City Development and Management**

Moving into another area of achievement, I would like to mention the role being played by the Institute in contributing its professionalism to the community.

As a local professional body, the Institute has to give advice to the Government and other statutory bodies as well as handling the media's enquiry on various issues relating to real estate development and the construction industry. The Institute should strengthen its ability to influence the thinking of the public.

The following are some of the important events as far as commitment to city development and management is concerned:

- The Pilot Scheme for Voluntary Mediation of Cases in the Construction and Arbitration List of the Court of First Instance is to encourage parties in construction cases to consider the use of mediation as a possible cost-effective means of resolving their disputes. The Institute has evaluated the effectiveness of the scheme in February. The letter of response was then sent to the Steering Committee on Civil Justice Reform on 14 March.
- The Institute has written to the Land Survey Authority in March to show its support to the revision of the Land Survey Ordinance's Code of Practice such that principles and good practices of land boundary survey would not be overlooked by authorized land surveyors.
- The Institute has submitted its views on the Mandatory Building Inspection Scheme to the Housing, Planning and Lands Bureau, immediately upon the expiry of the consultation period in March. The scheme is an effective preventive approach to contain building maintenance and safety problems. Building surveyors should be the benchmark qualification for the "Qualified Inspector" of the scheme.
- The Institute has submitted its views on traffic and environment issues in March to the Legislative Council in response to the enquiries on Tamar Development and Land-use Planning for Central Reclamation. A government headquarters building at the city's central business district will bring better communication between the Government, the Legislative Council and the public. The Institute agreed to the idea of developing Tamar into a prime civic centre for Hong Kong.

- The Institute has made a suggestion to lower the threshold for compulsory sale of properties under the provisions of the Land (Compulsory Sale for Redevelopment) Ordinance from 90% to 80%. In May, an open forum has been conducted for government officials and related professionals to exchange views on the issue. Collected views were then submitted to the Housing, Planning and Lands Bureau on 30 May as the Institute's response to the consultation. On 1 June, a press conference was held in the Surveyors Learning Centre to elaborate the Institute's views on the proposed amendments to the ordinance.
- A Joint Institutes' Seminar on Progressing to Realization Stage of Wan Chai Development Phase II Review was held in the Surveyors Learning Centre in May. Government officials present at the seminar have briefed participants on their consultancy study on the Harbour-front Enhancement Review – Wan Chai, Causeway Bay and Adjoining Area. The Institute supported the Government's proposals to build more transport infrastructure to ease traffic congestion. A holistic approach taking into consideration of the social, economic, transport, land-use and environmental issues should also be adopted. The Institute's written submission was then sent to the Legislative Council on 20 June.
- In July, the Institute has responded to Government consultation on strengthening the administrative role of the District Councils. The Institute agreed to the idea of forming the District Facilities Management Committees with more participation by building and facility management professionals.
- The Institute has formed a working group to study the Kwun Tong Town Centre Redevelopment Project K7. Accepting the recommendations of the working group,

the Institute has written to the Urban Renewal Authority on 9 October to show support to the proposed redevelopment.

In the past 12 months, there were many other issues that the Institute had to express its views, such as the need to assist property owners to deal with building repair work, ways to facilitate the lease modification premium negotiation process, land resumption, adverse possession, so on and so forth. The most controversial one is the review of the guidelines on calculation of saleable areas. Hopefully, the cross-divisional task force on this issue will consolidate their findings for the publication of a new version of the guidelines. I am sure the Institute will have a busy 2007.

### **Professional Development on the Mainland**

This year also witnessed many successes as far as maintaining closer cooperation with our Mainland counterparts is concerned. After three years of discussions, the China Association of Engineering Consultants and the Hong Kong Institute of Surveyors signed an agreement on mutual recognition of qualifications. The agreement allows a one-time reciprocity arrangement for both sides to conduct examinations for engineering consultants on the Mainland and building surveyors in Hong Kong to obtain membership of the other sides.

The Institute was glad to know that the further liberalization measures to allow quantity surveyors to set up wholly-owned engineering cost consulting enterprises on the Mainland and to accept quantity surveyors' performance in Hong Kong in the assessment of experience were announced in June. All these achievements can be attributable to our Mainland counterparts'

confidence in our professionalism and the support given by officials in Hong Kong and on the Mainland.

The Institute has paid many visits to the Mainland in the past 12 months. We have to maintain good dialogue with our counterparts in the Mainland. These visits were to foster better understanding between professionals in Hong Kong and on the Mainland. We were very delighted that many high-level Mainland officials have visited the Institute in the past few months. We had many fruitful discussions with them. Frequent meetings have also been held with the Ministry of Construction in Beijing and the Environment, Transport and Works Bureau in Hong Kong during the past council year to express the Institute's concerns. It is hoped that major cities on the Mainland will soon materialise all the plans and measures introduced under the Closer Economic Partnership Arrangement for surveyors to explore more opportunities on the Mainland. Many surveyors have already expanded their business or worked on the Mainland. It is anticipated that surveyors will soon have an even greater market share in real estate development and the construction industry on the Mainland. The Institute is concerned about members' practising environment on the Mainland. The Institute will try to establish its own offices in some of the major cities to help its members.

### **Membership Affairs**

The Board of Membership was very busy during the past council year. The Institute recorded an 8.5% increase in the corporate membership which now has climbed to a striking figure of 4,274 members. However, the total increase in the number of professional, technical and training grade members is only 5.5%. Total membership

including probationers, technical trainees and student members now stands at 6,895.

Multiple membership has successfully been implemented this year. The Property & Facility Management Division formed last year has registered a total of 646 members with 644 of them are also holding membership of other divisions. The other two divisions that have also accepted members from other divisions are the General Practice Division, and Planning & Development Division.

The framework for technical associates to obtain corporate membership has been outlined in the Constitution and Bye-laws. A new proposal to require technical associates to take up some pre-qualified structured learning during the 5 years minimum period before applying for the Assessment of Professional Competence has been discussed. However, more views on this proposal have to be collected within divisions.

It has been proposed to prepare a list of recognized courses including those on the Mainland and in overseas countries, which are suitable for use in the application for probationer and student memberships. The Board of Education has deliberated on this proposal but ruled out the need to make up such a comprehensive list of recognized courses. The general guideline on vetting entry qualification should continue to be adopted. That is to say: qualifications recognized by professional bodies of overseas countries will also be acceptable to the Institute. However, the Board of Education will prepare a list of recognized non-cognate courses in due course.

The Board of Professional Development has finalized the ways to implement the mandatory Continuing Professional

Development (CPD). The General Council has endorsed the guidelines on mandatory CPD. The general consensus is that members are expected not only to excel in their own specialties but to keep up with the latest development in all related fields. All corporate and technical members are obliged to undertake self development and keep an account of their CPD records until they retire fully. CPD log sheets will be sent to members from time to time for them to maintain their CPD records. Throughout the year, the Institute will carry out spot check on a percentage of the membership.

### Collaboration with other Institutes

Being a member of the Professional Green Building Council, the Institute co-organized the Green Building Award 2006 and I represented the Institute in the Judging Panel. The Award aimed at providing recognition to building management and research work that have outstanding achievements or contributions to environmental care and protection. The Green Building Award 2006 presentation ceremony was held on 30 June.

The Quality Building Award is a biennial award founded by seven building and construction related associations in Hong Kong to promote a collective commitment to high standard building design and good environmental sustainability. The Institute was the chairing institute of the Quality Building Award 2006. Winners and finalists of Quality Building Award 2006 were accredited at the award presentation banquet held on 13 July.

The Hong Kong Institute of Architects (HKIA), Hong Kong Institution of Engineers (HKIE), Hong Kong Institute of Landscape Architects (HKILA), Hong Kong Institute of Planners

(HKIP) and the Institute have jointly organized the Joint Institutes' Career Expo from 21 to 24 September. The exhibition of the five professions attracted many visitors, particularly secondary school students looking for suitable courses for their further studies in universities.

The conference on Urban Survival held on 24 November was jointly organized by HKIE, HKIA and HKIS. This was the fourth year of the conference and it was the first time HKIP had joined together with the three institutes as a co-organizer. In the conference, participants have shared the insights and experiences of renowned speakers from local and overseas in survival from natural or man-made disasters such as fire, earthquake, typhoon, shortage of clean water and intensive urban development.

In June, I attended the 3rd Executive Council meeting of the Surveyors Alliance Asia (SAA) in Kuala Lumpur. The meeting agreed to encourage a second level of communication among the respective divisions of the founding partners, namely the Institution of Surveyors Malaysia, the Singapore Institute of Surveyors and Valuers, and HKIS. The SAA website will be launched in a few months' time. The meeting also proposed that a list of recognized courses should be updated and exchanged among founding partners for information from time to time. The 4th SAA Executive Council has just been held in Singapore on 29 November. There is a need to invite more new partners to join the Alliance.

The International Federation of Surveyors Working Week 2007 (FIG WW 2007) will be held in Hong Kong in May 2007. As part of the publicity campaign for FIG WW 2007, the Institute has sent a delegation to Munich to attend the XXIII International FIG Congress

during the week between 8 and 13 October. I was among the delegation which also comprised other three members of FIG WW 2007 Organizing Committee. On behalf of the Institute, I attended the Presidents' Meeting in which I suggested that FIG should adopt a sliding scale for calculation of membership subscription in order to ease the financial burden on large organizations like HKIS.

### Conferences and Other Functions

A Joint Institutes Forum on the new cruise terminal development has been held in the Surveyors Learning Centre on 11 February for Legislative Council members, proponents and members of the construction-related institutes to exchange views.

The HKIS Media Luncheon was held on 16 March to brief some 30 journalists from major press and publication bodies on the Institute's new brand strategy and roles in city development and management.

The first Surveyors Luncheon was held on 20 March. The Permanent Secretary for Housing, Planning and Lands (Housing) Thomas Chan talked about the new Total Maintenance Strategy for rental public housing units.

It is a tradition for the Institute's young members to participate in dragon boat races. This year, they won the championship of the B Class Chinese Men's Cup in the Stanley Dragon Boat Championships held at Tuen Ng Festival on 31 May. Their participation in the dragon boat races is great support to the Institute in promoting synergies among different divisions. Their strong sense of belonging is very much appreciated.

A Diploma Presentation Ceremony was held on 20 June to celebrate the attainment of

some 130 fellows, members and technical associates elected in January, April and May. It was also a very important event for new members to meet the members of the General Council and the Junior Organization to share their aspirations.

The HKIS Annual Conference 2006 on Surveyors in REIT (Real Estate Investment Trusts) was held on 15 July. Nearly 250 guests and members attended the conference. As pointed out by our guest speaker the Honorable Frederick Ma, the Secretary for Financial Services and the Treasury, the conference offered a timely opportunity for exchange of views and ideas on the latest development of the Hong Kong REITs market.

The Building Surveyors Conference 2006 on 20Years in Retrospect: The Prospects was held on 16 September. It was well attended by more 200 participants. The Honorable Leung Chun-ying, the Convener of the Executive Council highlighted the importance of cultivating a planned maintenance culture among owners of private buildings in his keynote remarks for the conference.

The second Surveyors Luncheon was held on 2 November with Professor Holger Magel from Germany, the President of FIG (International Federation of Surveyors), as the guest speaker. The title of his speech was FIG Mission and Vision.

On 7 November, the Institute held a presentation ceremony for the HKIS Property Marketing Award for the third time in three consecutive years. It is hoped that the award can arouse developers' interest in producing high quality property and at the same time increase public awareness on the importance of professional property marketing.

The HKIS Annual Dinner 2006 was

successfully held on 27 November with the Chief Executive, the Honourable Donald Tsang, as the Guest of Honor for the second time in two consecutive years. It was a time to celebrate the achievement of our aims in the year. It was also an opportunity for the Institute to tell our guests and members its commitment to building the community.

## Conclusion

In conclusion, I must say that the Institute should never lose sight of the fact that surveyors have a duty to society. I also cannot conclude my report without repeating what I have said in the Surveyors Times and in my speech for the HKIS Annual Dinner 2006. Surveyors are willing to use their professional understanding's to serve the community. The whole surveying profession is committed to city development and management. I am confident that the Institute is capable of meeting all the challenges now and in the future. We must always be in search of excellence. We must

always be seen as capable of self-regulation.

I am very grateful for the assistance given to me by all the office bearers, divisional and board chairmen in dealing with all the difficulties we have encountered in the past council year. My thanks also go to all other members of the General Council, the 6 divisional councils, the 3 boards and other committees for their contribution. In particular, I want to thank members of the Junior Organization for their whole-hearted support in all the functions organized by the Institute. The Institute is proud of their great sense of ownership towards boosting the Institute's standing.

The last but not the least, I thank all staff of the HKIS Secretariat for they have performed so efficiently and successfully during my term of presidency.

Wong Chung Hang  
President  
2005-2006

# 對

學會來說，2006年是一個提供了良好持續發展機會的年頭。回顧過去一年，最令我難忘的，肯定是會員們對會務的熱忱。我所遇見的會員，都是衷心積極地肩負起學會的工作。作為會長，我深深感激他們的支持。他們對學會作出貢獻，完全是基於本身的自覺意識和奉獻精神。

## 機構價值觀和策略方向

理事會的主要成員在年初時，參加了「香港測量師學會2006靜修」，大家探討了學會的管理方針。「靜修」的結果是制訂了學會的六個機構價值觀，分別是：社會責任、思想領導、承擔感、會員照顧、誠信和專業精

神。從那時開始，這六個價值觀對學會的運作起了作用，也順理成章地成為我管理學會的根基理念。

為了回應會員們的關心，「香港測量師學會2006靜修」也同時探討了學會未來工作的策略方向。重新修訂後的策略方向概括如下：

- 在香港及內地，強化專業測量師的官方認受性；
- 通過推廣會員們對專業標準的認知，從而提高專業測量師的公眾形象；
- 確保會員對學會的歸屬感和取得他們對會務的承擔；
- 增加學會在香港和內地的會員人數；
- 確保學會在專業評核試和實際工作經驗的

要求，能够滿足香港及國際社會上各種不同的商務需求；

- 提供支援，維持會員的競爭力，讓他們能够昂首面對全球化、科技改變、專門化和市場多元化所帶來的挑戰。

### 工作計劃

「香港測量師學會2006靜修」的第三個成果，是制訂一系列較長遠的工作目標。這些工作已經開展而且常常備受檢討，從而確保學會的整體競爭能力。然而，會員們必須明白我們需要時間去達到目標。以下，我試列出幾項工作的進度：

- 「行政委員會」會繼續探討聘用總幹事，此舉可令學會的運作更接近商業營運原則。
- 「專業及發展委員會」將繼續探討專業專科證書制度的議題。委員會已整頓去年有關論壇收集到的各方意見，亦向理事會成員發出調查問卷，我相信委員會在分析過所有的答覆以後，將會確定推出議案。
- 作為學會內地政策的一部分，學會分別在北京、上海和廣州成立了當地的「專家議會」，目的是要為身處內地的會員們提供持續進修課程和人際網絡聯繫服務。
- 「香港測量師學會大使」的工作範圍已經訂好了。有三位資深的測量師已經接受任命，願意為學會向香港及內地政府機構做游說工作，以提高測量師在兩地的認受性。
- 為了應付專業發展和維持一個有效的自我監管架構，我們需要更多有志參與學會工作的會員。一封鼓勵會員參與學會事務的邀請函早已寄出，冀望能得到會員的支持。

### 承擔城市的發展及管理

回顧其它的工作成就，我有必要總結學會如

何利用其專業知識回饋社會。

作為一個專業團體，學會一直向政府和其它法定機構提供專業意見，又同時需要應付媒體對房地產及建造業不同課題的查詢。學會應當表達對不同議題的看法和意見，為社會大眾提供一個良好的思考基礎。就測量師在城市發展及管理的承擔上，我們的工作進展如下：

- 高等法院為「建築與仲裁案件審訊表」上的個案提出了「自願調解試驗計劃」，目的是鼓勵訴訟雙方利用調解方法去平息糾紛。二月份，我們對該實驗計劃做了研究，評估其有效性，並且在3月14日正式向「民事司法制度改革委員會」作出回應。
- 3月份，學會去信「土地測量監督」，表示支持《土地測量條例》發出的新修訂的《實務守則》，認同「認可土地測量師」必須遵守既定的土地測量準則和重視優質實務。
- 3月份，學會去信「房屋及規劃地政局」，指出要解決樓宇老化而產生的問題，「強制驗樓計劃」將會是有效的措施；信件又指出「建築測量師資歷」應該是「合格檢察人員」的專業基準。
- 有關「添馬艦發展及中區填海土地的利用」，學會在3月去信政府，表示學會贊成將「添馬艦」發展成一個重要的公民中心，而在該處興建政府總部將有利於政府、立法會和市民間的溝通。
- 去年，根據《土地(為重新發展而強制售賣)條例》，學會提議把強制售賣物業的門檻從百分之九十降到百分之八十。五月，學會舉行了一個公開論壇，好讓政府官員和有關專業各方交換意見。在5月30日，學會再去信房屋及規劃地政局，作出對政府諮詢的正式回應。6月1日，學會亦在「測量師研習中心」舉行了記者招待會，向媒體闡述學會構思中需要修改條

例的建議。

- 五月份，我們在「測量師研習中心」舉行了一個有關「灣仔發展計劃第二期檢討」的跨學會論壇。政府代表向出席人士介紹了當局的「優化海濱研究—灣仔、銅鑼灣及臨近地區海濱」的研究。學會贊同政府興建更多基礎設施，以疏導日益頻繁的交通。然而，用一個有兼顧到社會、經濟、運輸、土地利用和環保的整體發展方案是更為可取。學會在6月20日把意見正式提交立法會。
- 七月份，學會對政府就「區議會管理角色」的諮詢作出回應。學會同意設立「地區設施管理委員會」的想法，而該等委員會應該廣納樓宇及設施管理的專業人士群策群力。
- 就市區重建局諮詢有關「官塘市區重建計劃」，學會成立了一個專責工作小組，並於10月9日去信市區重建局，表示支持該項發展計劃的基本構想。

在過去的十二個月，學會曾經對很多課題發表意見，譬如：幫助業主處理樓宇維修、加速土地契約修訂補地價的談判過程、收回土地、逆權佔有等等。其中最具爭議的是檢討實用面積的計算。我相信已經開展工作的跨組別小組，將會整合所有的觀點，並儘快出版最新的指引。2007年將會是學會繁忙的一年。

### 內地的專業發展

今年，我們與內地對口單位取得若干的重大成果。經過了差不多3年的商談，學會與「中國建設監理協會」終於達成資格互認協議；協議允許香港的建築測量師和內地的建設監理作出單一次的資格互認，雙方就此會舉行培訓及考核。

六月份，中央政府公布允許香港工料測量師在內地設立獨資工程造價諮詢企業的再放寬

措施，而又在評定資質時，接納工料測量師在香港和內地的業績表現，學會感到欣然。這也意味著無論在內地或香港，測量師的地位是獲得肯定。

在過去的12個月裏，我們多次拜訪內地單位，目的是建立良好工作關係和加強內地對香港測量專業的認識。內地高層次的代表團也不斷來訪學會，學會跟內地建設部和香港環境、運輸及工務局的會晤更是毫不間斷，在剛過去的一屆理事會年度，我們都把握機會表達了學會對內地測量專業的關注。其實，很多測量師已經在內地立足，我們相信在「更緊密經貿安排」的框架下，具體政策可落實到戶，香港測量師在內地的市場占有率節節上升是指日可待。相信不久的將來，學會可以在內地設立辦事處。

### 會籍事宜

「會籍委員會」過了繁忙的一年。學會今年的會員增長率達到8.5個百分點，專業會員人數已攀升到4,274名。然而，整體增長則只錄得5.5個百分點。到年底，學會會員人數，包括見習測量師、技術學員和學生在內，一共是6,895名。

今年，學會落實了「多重組別會員資格」的安排。物業設施管理組成立了，而且擁有646位成員，其中644位也同時是隸屬於其他組別的會員。產業測量組和規劃及發展組亦已接受多重組別會員身份。

學會的《章程及則例》已經說明「技術協佐級會員」可取得「專業會員」資格的途徑。最新建議是「技術協佐級會員」必須在報考「專業評核試」以前的五年內，作出適當的安排，參與有計劃的進修課程。各組別內需要繼續研究這種做法。

就申請見習測量師及學生會籍的學歷，有建

議製作一份清單，列出學會認可的內地和海外課程。「教育委員會」深入研究了這個建議，但最終否決了。學會將維持現在的審理方法：即海外測量機構認可的課程亦會受到學會承認。然而，「教育委員會」仍會制訂一份「認可的非同源大學課程」。

「專業發展委員會」已制訂「強制專業持續進修」的政策而「理事會」亦通過了有關指引。共識是會員們不單祇要在本身的專業範疇內持續進修，更要涉足其它領域的最新發展。各級會員都需要保留所有「持續進修課程」的記錄，直到退休為止。學會將實行突擊抽查的措施，確保會員素質。

### 與其他學會合作

學會是「環保建築專業議會」的成員。作為會長，我代表學會出任「2006環保建築大獎」評審團的成員。「環保建築大獎」目標是嘉許對建築的環保管理和研究有優異成就或貢獻的發展項目。「2006年的頒獎典禮」在6月30日舉行。

由七個與建造業有關的機構所創辦的「優質建築大獎」是一件兩年一度的盛事。此大獎目的，是推動集體對發展高素質樓宇和良好環保意識的承諾。學會是本屆「2006年優質建築大獎」的主持機構。頒獎典禮在7月13日舉行了。

香港建築師學會、香港工程師學會、香港園景師學會、香港規劃師學會連同本會在9月21日至24日舉辦了一次「聯會職業展覽」。是次展覽介紹了五個專業行業，希望能夠幫助中學生在未決定攻讀大學之前，掌握更多有關他們未來職業選擇的資料。

11月24日香港工程師學會、香港建築師學會連同本會合辦了一個以「城市災難倖存」為題的會議。這已經是三個學會的第四度合

作，而香港規劃師學會却是第一次以協辦形式參與。會議上，來自本地及海外的講者探討了城市所面對的人為及自然災害。與會人士分享到如何在火災、地震、颱風、水荒和超密集城市發展等災難中倖存的方法。

六月份，我出席了在吉隆坡舉行的「亞洲測量師聯盟」第三次行政理事會會議。會上，三個聯盟創立學會都同意深化組別層面的聯繫。「亞洲測量師聯盟」的網頁即將完成，而一份列出三地高等院校的測量本科課程資料，將會更在三個聯盟創立學會之間傳閱及需要不時更新。「亞洲測量師聯盟」第四次行政理事會會議於11月29日在新加坡舉行，會議的迫切目標，是要擴大聯盟的成員數目。

「國際測量師聯合會」FIG的「2007年FIG工作週」將於2007年5月在香港舉行。除了為「2007年FIG工作週」造勢以外，學會的代表團一行四人前往慕尼黑，參加了10月至13日舉行的「國際測量師聯合會」第23屆大會。作為學會代表，我還參加了「國際測量師聯合會」的會長團會議，並提出意見，希望「國際測量師聯合會」採用遞減的計算方法去厘定會費，從而減輕學會這麼大機構的財務負擔。

### 會議和其它活動

就政府提出興建郵輪碼頭的建議，2月11日我們在「測量師研習中心」舉行了一個跨學會的論壇，為立法會議員、對該項目的提案者及建造業有關人士提供一個交換意見的機會。

學會一年一度的「媒體午餐聚會」在3月16日舉行，我們接待了超過30位來自各大報章及出版社的代表；大家主要談到學會的新品牌策略和學會擔當的城市建設及管理的角色。

今年第一次的「測量師午餐聚會」在3月20日舉行。房屋及規劃地政局的房屋事務常任秘書長陳鎮源先生列席嘉賓講者，他談到公共樓宇的整體維修策略。

「青年組」有參加一年一度賽龍舟的傳統。今年他們在端午節當天的「2006赤柱龍舟錦標賽」獨佔鰲頭，贏得B組華籍杯賽的冠軍。他們的投入，直接鞏固了組別間的齊心協力，他們的強烈歸屬感獲得高度評價。

6月20日學會舉行了今年的「文憑頒授典禮」，慶賀約130位取得資深、專業或技術會員資格的同業人士。是次典禮既隆重又實用，給新會員一個認識理事會成員及青年組代表的機會，互相分享對學會的抱負。

「香港測量師學會2006週年會議」在7月15日舉行，主題是「測量師與房地產信托基金」，超過250人參加了這個會議。正如嘉賓講者財經事務及庫務局馬時亨局長所說，這次會議提供了一個良好的平臺，給各方聽取和交換有關「房地產信托基金」的最新發展情況。

建築測量組在9月16日舉行了「建築測量師2006年週年會議」，主題是：「回顧20年及前瞻」，有超過兩百人參加。行政會議召集人梁振英先生出席嘉賓講者，特意提到私人物業業主一定要培養一種樂於維修保養的文化。

第二次的「測量師午餐聚會」在11月2日舉行，主講嘉賓是從德國來的霍爾格•馬格爾教授，他是「國際測量師聯合會」的主席。當天的講題是：國際測量師聯合會的使命和理念。

11月7日，學會舉行了第三屆「十大樓盤頒獎典禮」。我們希望此類型頒獎，除了能引發起發展商建造高質素樓宇的動機外，更能

提高市民大眾對測量師在物業銷售中專業角色的認識。

學會的「2006年週年晚宴」在11月27日舉行。特首曾蔭權先生連續兩年列席主禮嘉賓。晚宴除了慶祝學會一年來的成就外，也是一個向來賓和會員作出學會對城市建設工作報告的好機會。

### 總結

總結之前，我必須再說學會要承擔社會責任。在這，我不厭其煩地重複我在《測量師時代》和「學會週年晚宴」上的講話：測量師要運用專業知識去服務社會，整個測量行業要履行對城市發展及管理方面的職責。我非常肯定學會有能力面對所有挑戰。我們要堅定不移地追求卓越，而且必須成為一個擁有自我監管能力的機構。

我非常感激所有執行理事及組別和委員會的主席們。一年內，大家齊心協力解決了不少問題。我亦同時感謝理事會、六個組別、三個常設委員會和其他委員會所有成員的積極參與和貢獻。我更要感謝「青年組」全心全意的奉獻精神，他們在各項工作都投放寶貴的時間和精力，把各項活動辦好之餘，更將學會的社會地位提高；大家都以此為榮、為傲。

最後，我要感謝秘書處的所有工作人員，他們在我任期內，高效率地把具體工作成功辦好。

黃仲衡  
會長

2005-2006

# Treasurer's Report

## for year ending 31 July 2006

The Institute recorded a closing balance of HK\$11,826,711 as shown in the Audit Accounts as at 31 July 2006. There was a surplus of HK\$1,981,737 compared with the opening balance of HK\$9,844,974 and there was an improvement compared with last year's deficit of HK\$2,164,711.

The surplus was due to:

- Increase in income from annual subscription fees and entrance fees
- Increase in income from advertisements in Surveyors Times
- Decrease in production cost for Surveyors Times
- Increase in income from interest rate
- More stringent control on expenditure

On the divisional and Junior Organization's accounts, there is a total of HK\$1,508,577 accumulated funds as follows:-

Building Surveying Division	HK\$146,900
General Practice Division	HK\$325,470
Land Surveying Division	HK\$41,334
Planning and Development Division	HK\$24,310
Property and Facility Management Division	(HK\$22,647)
Quantity Surveying Division	HK\$576,771
Junior Organization	HK\$416,439

The Council has made every effort to reduce expenditure particularly on office administration and the production cost of the Surveyors Times, we also have generated more income from the advertisements in the Surveyors Times.

In the coming financial year, we shall be facing a rental review in March 2007. In view of the recent large rental increase in Central, we may not be able to maintain our Surveyors Learning

Centre and we are now negotiating with our Landlord on the rental review and possibly the early termination of lease for the Surveyors Learning Centre. On the other hand, we are also looking into the possibility of buying our own office.

Generally, the financial position of the Institute is healthy. We shall continuously ensure that the Institute is well placed financially to face the challenges of the future. Finally, it is my pleasure to serve the Institute and its members as the Honorary Treasurer for the past year, and I would like to record my thanks to every member of the General Council for their support and the hardworking staff of the Administration Office throughout the year.

Nelson W H Cheng FHKIS  
Honorary Treasurer 2005/2006

# Building Surveying Division

To start with, I must express my wholehearted thanks to all divisional council members, co-opt members and helpers from JO for their supports throughout the council year. Without their contribution, we might not accomplish our major tasks. I am going to summarize our major activities and their progress in this year for members' information.

## **Mutual Recognition Agreement with the China Association of Engineering Consultants (中國建設監理協會) was signed**

The draft agreement was finalized in late March this year and the signing ceremony was held at Beijing on 27 June 2006. We started to invite applications in late September 2006 by various means and have received about 250 applications so far. It has been agreed recently that either side would recommend about 260 members for the training and assessment.

Specialist Panel of both sides would meet in January 2007 to finalize the training areas and detailed assessment arrangement. Training materials would be sent out afterwards. It was tentatively scheduled to conduct the training at Shenzhen over a weekend by end of May 2007; followed by the assessment at early June 2007.

BSD Regulations was approved in principle by General Council. Current "BSD constitution" was made in 1995. In order to accommodate changes over the years, including the introduction of technical membership under the HKIS, we started to revamp it in 2005. General Council has just approved the finalized draft on 23 November 2006. We renamed it as "BSD Regulations" and are going to table it for a vote in the BSD Annual General Meeting held on 1 December 2006.

## **Proposed Amendments to our APC Rules and Guides finalized**

We noted that some probationers were taking a sluggish approach in the APC and the growth of probationers has become unhealthy to our profession. To address this complicated issue, we started with a review on our APC system and collected constructive comments during the forum in March this year. We resolved to amend the rules and guides in a way to discourage slothful probationers. There will be an open forum on 20 December 2006 to solicit views from members and surveying students on the proposed amendments.

## **Preparation of Standard Form of Contract for Maintenance Works and Standard Specifications was in progress**

BSD and QSD were in collaboration to prepare such contract documents for maintenance works. The working group was commenting the draft Standard Form of Contract prepared by the consultant. Tender for drafting the Standard Specification was being invited.

The working group has also drafted a Simplified Contract for Decoration, Repairs and Maintenance Works. It was targeted for situations where building professionals would not be engaged and contract sum is limited to certain amount. We hope it could assist in demarcating the rights between the employer and the contractor in small-scale projects.

## **Public Consultation on Mandatory Building Inspection and Enhanced Window Safety Schemes was responded**

Based on the questionnaires returned from members, the working group has formulated HKIS's views and submitted to the government in March this year. In order to have a threshold for building maintenance and start cultivating a planned maintenance culture in our society,

we supported the principle direction of having such statutory provisions. We should give our views along the development of the legislative framework as well as its implementation details

What we devoted is a simple and workable statutory framework. Therefore, in commenting the draft Guidelines for the Inspection Schemes prepared by the Buildings Department, we stressed that the Guidelines should outline the performance requirements only whilst the details including testing methods should be left to the professionals. Moreover, the inspection should adopt a two stages approach and avoid unnecessary quantitative assessment.

### **Proposal on Building Affairs Tribunal encountered hurdles**

Although HPLB, HAD and major building or property management professionals are supportive to our proposal, there has been some hurdles on a key element, i.e. “no legal representation”. However, the Labour Tribunal and the Small Claims Tribunal have already demonstrated that a dispute resolution mechanism bearing the characteristic of “no legal representation” is beneficial to society. With such mechanism, the simpler but well-defined disputes could be resolved in a more efficient and economical manner. We trust what citizens want in case of building and maintenance disputes is also a resolution mechanism of similar nature. BSD would continue to pursue the proposal with appropriate adjustments.

### **BS Conference celebrated its 20<sup>th</sup> Anniversary**

The conference was successfully held on 16 September 2006 at Four Seasons Hotel. It was well attended by more than 200 attendees. Distinguished speakers included senior BS members working at different sectors, BSD Chairman from RICS and 國家建設部 建築市場管理司 建設諮詢監理處處長. With the concerted efforts of the organizing committee and the support from various BS firms and exhibitors, we have run a successful and profitable conference.

Funding for Video on “Promotion of Planned Building Maintenance” approved. In mid 2004, BSD made an application to the Coalition of Professional Services Atypical Pneumonia Charitable Trust for funding on the production of a video to promote planned building maintenance in Hong Kong. There had been some technical error and the actual approval letter (a sum of HK\$200,000 approved) was received in April this year. We have just selected a production company to implement the project.

### **Publications were still a difficult task**

I must submit that there has been little achievement in this area due to resources constraint. However, our publication panel did manage to prepare some draft documents and hopefully you might see the products shortly.

### **Participation in preservation activities**

I have attended meetings/activities organized by 聖雅各福群會 藍屋社區保育小組 and 中西區區議會 中區警署及域多利監獄古蹟群保育行動專責小組. We have been relatively late in demonstrating to the public that BS professionals also have the skill on conservation or preservation. We moved a bit forward now.

Last but not the least, it is my honour to serve as the divisional chairman in the past two years. I wish young BS members could contribute in one way or other to foster the further development and promotion of the BS profession. We need more new bloods --- not only in combating our threats but also in grasping our opportunities!

Chairperson  
GPD Council  
Serena LAU

# General Practice Division

Divisional  
Council  
&  
Junior  
Organization  
Reports

Thanks to all Council members and panel members who have generously given their valuable time and expertise to the Council's work. Council could therefore function as usual and had been able to deal with a number of ad hoc issues in a timely manner.

At the beginning of the year, various working panels had been formed to focus on different aspects of daily council works. Apart from the normal operation and practices, some of the events and items are worthwhile to note here

### APC (Convenor: Susanna Kwan)

To admit more members and at the same time to maintain acceptable standards has always been a difficult job. This year, the panel had decided to arrange discussion forums after the APC exam, inviting the Assessors to come in and review the questions together with probationer members. We hope that candidates who failed in the APC exam could be able to identify their weakness and are well prepared for the next APC exam.

### Business Valuation Standards and Practices (Convenor: Joseph Ho)

In view of fast developments in the business valuation sector, members should further upgrade and expand his or her scope and quality of services to cope with the ever changing environment. This Council should have further discussions on the comprehensive development of CPD program to strengthen members' knowledge in this aspect.

### CPD and Education (Convenor: Tony Wan)

Life long education is a trend and is a must for professionals. The CPD events being organized during the year have been well received. More quality CPD events are expected in the coming year.

### Disciplinary & Professional Ethics (Convenor: Jim Lam)

We should always remind ourselves to comply

strictly with our Code of Ethics and update our professional knowledge. Enquiries and complaints had been received and the concerned members had been asked to justify their actions.

### External Affairs (Convenor: KK Chiu)

There is an increase in demand for information on the mainland market and to communicate with our counterparts in mainland is one of the effective ways to collect market as well as industry information. This year, we had about 70 mainland GPD members who came to visit us, the first-ever since the Institute's signing of a reciprocity agreement with the China Institute of Real Estate Appraisers and Real Estate Agents. Members were also concerned with the registration and practicing requirements. This panel should explore further for members' reference.

To maintain and enhance our status in the global market, we should encourage our members and representatives to attend and speak in various conferences organized by international professional institutions such as International Valuation Standards Board, WAWO, FIG so on and so forth. We need to identify more senior members to represent us in those events and call for more papers from members.

### Internal Communication (Convenor: Ivan Ng)

The content of our web site has been improved with more papers, guidance notes, Standards for members' reference. This is the first step and the panel would explore more channels to communicate with members.

### Local Affairs and Government Practices (Convenor: CK Lau)

With the great support by active panel members, such as Eric Ho, Simon Cheng, Jim Lam, Stephen Yip, SK Pang, CK Chan, Rock Tsang, we have been able to offer quality comments and submitted papers to Government bodies as well as the public. Examples include:

- Premium Assessment Procedure Relating to

Lease Modification Transactions – Practice Note (Issue No. 1/2006) by Lands Department

- Hong Kong Institute of Surveyors welcome government’s proposal to facilitate private development under the Land (Compulsory Sale for Redevelopment) Ordinance
- Paper in response to Public consultation on Review of Domestic Rent Policy
- Paper in response to Consultation on Proposals to facilitate Private Redevelopment
- Letters to Lands Department expressing views on various proposed Practice Notes such as the one concerning Tree Felling
- Letter to Planning Department on The Practice Note on Calculation of Plot Ratio for Sites Straddling Land use Zone etc.

The working group, with Stephen Yip and KK Chiu, on professional fees for compensation claims had after various discussion with the Lands Department recommended members to use the “Standard Authorization / Appointment Letter” and a standard proforma of Valuation Submission for Compensation Claims. Both document are now uploaded to the web site.

Research study of this year topics is: “to identify the impacts of Section 12(c) of Lands Requisition Ordinance on compensation assessment.” It is anticipated to have the first draft by the first quarter of 2007.

### Property Valuation Standards and Practices (Convenor: Lawrence Pang)

Revision of the HKIS Property Valuation Standards (“the Standards”) to reflect the changes of the international standards is an on going and time consuming exercises. We are so glad to have core panel members like Lawrence Pang, Joseph Ho, Samuel Young to input their professional knowledge. We expect revision of certain chapters of the Standards would be released in the coming months.

The Chinese version of the Standards hopefully will be finalized by the end of this year.

Our panel members had exchanged views with the Hong Kong Institute of Certified Public Accountants regarding our Standards and Hong Kong Accounting Standards. We would expect the exchange of views should be continued and shall keep members’ informed.

### Sales & Letting (Convenor: Ronald Cheung)

The HKIS Property Marketing Award 2006 was once again a successful industry event that attracted massive media exposure and managed to arouse in the public an awareness on the role of surveyors in real estate agency work.

### Ad hoc issues

**Revision of GP Firm List** Revision of GP Firm List had been completed with the Vice Chairman, Charles Chan who is also the convenor for the review application and updating procedures. “The Guidelines for Administration of List of Firms providing Professional consultancy Services of General Practice Surveying” is now available and can be downloaded from the web site.

**List of Independent Valuers** The procedure to appoint “List of independent valuers” has been reviewed and internal guideline has been set for Administrative Office’s reference. We anticipate that the guideline should able to enhance the time required to appoint “Independent Valuer”. Meanwhile, a working group with the Vice Chairman, Charles Chan being the convenor, is reviewing the fee issue and is expected to have certain conclusions by next year.

**Registered Professional Surveyors** Do we need a compulsory registration system or not? Vice Chairman KK Chiu has been appointed convenor of a working group to explore the way forward. This is an important topic and members should actively provide your opinion.

### Relevance and influence on community and other professions

2006 Election Committee Sub-sector elections have just finished. The process has been a golden opportunity for candidates (I was one of the candidates) to get in touch with members. Obviously members would like to see our profession to build up a closer relevance and influence to the community and other professions. As I told everybody, “Building our community – Contributing our Professionalism”, our Institute’s slogan, can only be achieved with member involvement and support! Your participation in Council work is a good start.

### Join as helpers

This Council has in the November meeting set a general guideline regarding re-nomination. In general, a member who has been our representative

for that external / internal committee continuously for 4 years or two continuous terms, whichever the longer period, should normally not be re-nominated, unless there was no suitable new nomination or not sufficient nominations. We wish to attract more members to get involved in Council work and familiarize with different areas.

### **Cooperative agreement with Shanghai and Shenzhen counterparts**

Enquiries have been received regarding the next round of reciprocity arrangement (RA) with the China Institute of Real Estate Appraisers and Agents (CIREAA). Those members who had achieved reciprocity qualifications in 2004 should note that their registration certificates would have expired after two years. For the former enquiry, our major dilemma is the overwhelming numbers from mainland who would be eligible to join the RA scheme. It is practically difficult for CIREAA to scan only two digit numbers of members to meet with ours. Nevertheless, this Council would be pleased to learn the possible numbers of members who would be interested and eligible to participate in the RA Scheme. We may email to ask your feedback. For the latter enquiry, Vice Chairman and Convenor of External Affairs Panel, KK Chiu, would check with the situation and report to members in due course.

Meanwhile, we noted that increasing numbers of members (probationer as well as corporate members) have moved into the mainland to build their careers. In this regard, we noted the huge demand on CPD events and social events locally. This Council is reviewing and will amend the cooperative agreement with Shanghai Institute of Real Estate Appraisers and Agents and Shenzhen Real Estate Appraisers and Agents. We wish to strengthen the communication with the two counterparts, allowing members from each side to participate in the CPD / social events organized by the other, if appropriate. Meanwhile, we may also arrange a visit to Shanghai this year. These messages have been initially conveyed to SIREAA during my recent visit to Shanghai and meeting with President Wu.

### **International Valuation Standards**

Please be informed that the IVS 2 issued by the International Valuation Board is under review and Convenor of External Affairs Panel, KK Chiu, would soon issue a note for your further information. Meanwhile, you can find the background information from the homepage.

### **Nominations and appointments of representatives**

Wilson Siu, our former council member, has kindly accepted to be our representative to the WG for purchase of HKIS premises. Kenneth Pang and Serena Lau were recommended to be GPD representatives in the Surveyors Registration Board.

### **Work for the coming year**

- Revision of GPD Regulation
- Professional Development in Asset Management
- Promotion of "List of Property Valuers for undertaking Valuation for incorporation or reference in listing particulars and circulars and valuations in connection with takeovers and mergers" to the market.

Once again, thank you for the support of all members who have devoted their invaluable time to this Council.

Chairman  
LSD Council  
Dominic SIU

# Land Surveying Division

Divisional  
Council  
&  
Junior  
Organization  
Reports

I must take this opportunity to thank my council members once again for their continuous and unfailing support during my term as chairman of the Land Surveying Division Council.

The accomplishment of LSD council in the last two years was marvellous. The council did an excellent job both in organizing technical and social functions as well as reaching out more to the media in local affairs (eg adverse possession, detecting illegal use of government land). Many of the divisional business and functions would not have been so successful without the devoted involvement from council members.

## Surveyors Lunch

Land Surveying Division successfully organized the Surveyors Lunch on 2 November and we had the privilege of inviting Prof Holger Magel, President of International Federation of Surveyors (FIG) as the guest speaker when he briefed the audience on the vision and future activities of FIG. On behalf of HKIS, I delivered the vote of thanks to President Magel. There were more than 50 participants joining the lunch including honorable guests Director of Lands Patrick Lau Lai Chiu, Director of Buildings Cheung Hau Wai, Deputy Director / Surveying and Mapping Man Wing Kan, President of the Institute CH Wong, together with Presidents and Vice Presidents from other professional institutes.

After the Surveyors Lunch, President Magel was invited to visit the HKIS office. He was very impressed by the library and training facilities available to members of the Institute, the work of the administration office and our efficiency of publishing monthly issues of Surveyors Times. He was also amazed by the success of many of our fellow members who had been playing very important roles in the society and contributing to policy decisions of government in land, planning

and development issues which directly affect the livelihood of the people in Hong Kong.

## Technical visit to Huizhou in Guangdong Province

The President and myself led a HKIS delegation to visit Huizhou from 19 to 21 October. We were warmly received by Zhang Xin Min, Deputy Director General of Department of Land Resources of Guangdong Province and Mai Jing Ru, Director of the National Land Resource Bureau of Huizhou city. There were other Land Surveying professionals from Macau, Shenzhen, Zhuhai and Chungzhan who had joined the event.

We visited the National and Land Resource Bureau. A night tour of West Lake in Huizhou was arranged after the Welcome Reception Dinner hosted by National Land Resource Bureau of Huizhou. The next day, the delegates visited the Dayawan Economic and Technological Development Zone and a few major housing development projects inside and outside the city centre. The Institute reciprocated a dinner to the host and we all had a very enjoyable evening with excellent wine and food and most importantly the renewal of friendship with fellow surveyors in neighbouring cities. Lastly, I have to thank Wang Weimin, Vice President Guangdong Provincial Association of Surveying and Mapping; Ronald Chan and Ted Chan for their persistent efforts in organizing this technical event.

## Sung Hon-kwong elected chairman of LSD 2006-2007

My congratulations to Sung Hon-kwong, who has been elected as chairman of Land Surveying Division in the Annual General Meeting of the Division on 16 November. Elected officer bearers working along side with the new divisional council chairman are:

Kwok Chi-woo	Vice chairman
George Leung	Hon Secretary
Marvin Chau	Hon Treasurer

There are a lot of challenges lying ahead of the new Council. I wish the incumbent chairman and members of the new Council all the best in handling forthcoming institutional business. And I am confident that the new team can bring Land Surveying Division to a new height of success in the coming year.

Chairman  
PDD Council  
Edwin TSANG

# Planning & Development Division

Divisional  
Council  
&  
Junior  
Organization  
Reports

## Education

The Institute has accredited the two surveying courses at BSc levels of the University of Hong Kong and the Hong Kong Polytechnic University. Surveying students from the two universities are eligible to apply for APC Examination of this Division. Details of application can be downloaded from the Institutes websites.

The Board of Education of the Institute has received an application for renewal of accreditation from the HKU in BSc and MSc (Real Estate). A committee will be set up to take care of the matter.

## CPD Event

Planning & Development Division has jointly held with the General Practice Division a two days CPD event to visit Guangzhou on 17 to 18 November.

The visit included visits to the Planning Bureau in the morning and to the Lands Bureau in the afternoon. The second day included visits to the Guangdong Institute of Real Estate Appraisers and Real Estate Agents, the Chu Kong Real Estate Consultants and site visits.

The Group is headed by the Chairman P&D Division and Serena Lau, Chairman of GPD with Yu Kam-hung as special adviser.

# Property & Facility Management Division

**I**t has been a hard year for all those involved and I would particularly like to thank all the divisional council members for their dedication and hard work. This has been clearly shown by our set up of Assessments for Professional and Technical Competence, our structured CPD program in alliance with the Hong Kong Polytechnic University, and your council members' involvement in the District Quality Management Competition. Well done, all of you. We now have over 650 members, but I do feel there is more that can be done to help in divisional matters by members in general. Please volunteer your services, we can be contacted through [rebeccatsoi@swireproperties.com](mailto:rebeccatsoi@swireproperties.com), or Tel. 2844-4988, or contact any council member, their names and contacts are below.

## Marketing

Over the next few months, we will be moving our emphasis towards marketing our new division to build the membership, now we have both APC and CPD well established. There are many potential members of the institute who have yet to join us, and I would emphasize to them that we are the only division specifically looking at the areas of asset management, facility management, property management, shopping centre management, and corporate real estate. Our CPD and APC programmes look directly at these areas. There is no additional fee to join. Why aren't you with us? Divisional council members and other supporters will be now looking for members over the next 3 months, application forms in hand, you have been warned.

## Cooperation with the RICS

As members will be aware, we have begun to

operate the divisional council as a joint council with RICS, to benefit all surveyors throughout Hong Kong. We will shortly be offering the first joint APC to service potential new surveyors, comprehensively, through one point contact. We are moving forward in the accreditation of university courses.

## Strategy

We will be reviewing our strategy for next 2 years with members shortly. This will include marketing to the major employers of surveyors in the property and facility management field, and a possible change of name of the division to the Facility and Asset Management Division. Moving into China will be coming onto the agenda, now we are one year old.

I look forward to seeing you at our first annual divisional dinner gathering which will take place in early next year, most likely at the Jockey Club. Be there and get all your fellow surveyors working in the field along also.

I would briefly report on a year of steady progress. It is your council's decision to build on the firm foundation we have made and look to market the division more effectively and increase membership over the next 12 months. We see this as our priority and will be making the necessary arrangements. We retain good relationships with other professional bodies operating in the P&FM area.

## CPD

Alan Wong, our divisional council member, has headed the development of targeted CPD lectures for practitioners in partnership with the

Hong Kong Polytechnic University. This has proved successful and we will build on this basis to ensure that we provide practical and useful CPD to all members especially when CPD is compulsory in the future. We have good relations with other CPD providers which are constantly advised to members. In 2007, our aim is a conference on Asset Management.

Your council is building for the future over the next 12 months and I hope in my final report next year, I would be able to share with you details of good membership growth and a far higher profile for the division. We already have over 650 members. We want the division to be a natural home for all surveyors operating in this field.

### RICS

We are now operating the council jointly with the RICS and we see this as a good initiative for surveyors in Hong Kong. The practical result of this will be a joint APC for Property & Facility Management.

Other initiatives that have been carried out include the setting up of a Corporate Real Estate Committee, the good relationship that we have with Home Affairs Department in respect of the Building Management Ordinance.

# Quantity Surveying Division

**F**or the council year 2005 - 2006 the QSD has done solid ground work and accomplished significant achievements.

## Mainland

QSD successfully completed all formalities under the reciprocity agreement after the presentation of diplomas by both institutes in May. In June, the HKSAR and Central People's Government signed CEPA Supplement IV which allows us to set up wholly-owned construction engineering cost consulting enterprises in the Mainland. QSD accomplished an important milestone since no other construction-related professional institutes has achieved the same concession under CEPA thus far. With council members' unflinching and collective effort, QSD will ultimately resolve various problems being encountered in the registration as cost engineers and setting up of wholly owned cost consulting firms in the Mainland.

## International

QSD actively outreached all relevant organizations to enhance our influence in the international arena. This year, QSD participated in the 5<sup>th</sup> World Congress on Cost Engineering, Project Management and Quantity Surveying and the 10<sup>th</sup> PAQS Congress and ICEC Region IV Meeting. Exchanges and visits were made by ICEC, ICES, BSIJ and RICS. QSD has discussed the proposed reciprocity agreement with BSIJ in some details and will continue to explore reaching appropriate reciprocity agreements with suitable professional institutes.

## Standard Form of Building Contract

The SFBC (without quantity version) was published in July. Now, all practitioners will have a complete set of contracts which fully reflect the specific needs of the local industry. In addition, QSD also drafted two new standard forms of contract for maintenance and renovation, one for layman use and the other for professionals. These draft contracts are expected to be finalized in due course.

## Hong Kong Standard Methods of Measurement

QSD published the SMM4. Over 1,000 copies were sold within a short period of time.

## APC and APC Reform

The passing rate of APC 2005 moderately increased by allowing those candidates marginally failed in written assessment to sit in the professional interview. QSD has thoroughly reviewed and reformed the existing APC Rules and Guide which is now in line with other divisions within the Institute, particularly on the minimum training period. The reform not only sharpens the existing modes of APC assessment but sets a new direction for the QS profession.

## APC

There were 351 APC candidates who had taken the written assessment this year. As each written paper will be assessed by three assessors to ensure the fairness of marking, we have successfully recruited 260 experienced members as assessors. Briefing meeting for APC assessors was held on 13 October so that all assessors could understand the key points in their assessment.

The General Council had at the meeting held on 28 September approved the revised APC Rules and Guide which will take immediate effect. However, there may be certain misunderstandings by some APC candidates. In this regard, I would like to highlight the transitional arrangements:-

- 18.1 Subject to the following transitional arrangements, these revised Rules and Guide will be effective from September 2006.
- 18.2 Existing Candidates who have already satisfactorily completed their approved professional training in accordance with the previous APC Rules and Guide by September 2006 are not required to comply with these revised APC Rules and Guide.
- 18.3 Existing Candidates who have not completed their approved professional training in

accordance with the previous APC Rules and Guides may select to follow either the old or the new APC Rules and Guide.

- 18.4 Existing Candidates may apply for the Final Assessment provided that they would have gained 24 months Minimum Training Period and 96 hours Pre-Qualification Structured Learning in accordance with these revised Rules and Guide by September 2007.

In addition, the revised APC Rules and Guide has also included some clear provisions for dealing with those APC Candidates who study a full-time sandwich degree, or part-time or distance learning undergraduate or postgraduate degree programmes. The relevant provisions are quoted hereunder:

- 4.1 To enter the APC Scheme, you must:
- (a) (i) hold a undergraduate or postgraduate degree or other academic qualification recognized by the Institute; or
  - (ii) have registered in a full-time sandwich degree programme recognized by the Institute and have started the placement training; or
  - (iii) have reached the final year of a part-time or distance learning undergraduate or postgraduate degree programme recognized by the Institute; and
- (b) be in a suitable employment with an organization that can provide the appropriate professional training; and
- (c) be a Probationer of the Institute (which status shall be continuously maintained by paying the relevant membership subscriptions throughout the APC period).
- 4.2 If you are registered with the APC Scheme under Section 18.1(a)(ii) and (iii), you are allowed to complete your first 12 months' professional training concurrently with your studies. The second 12 months' professional training must be attained after successful completion of the degree programme.

### CPD

The CPD Sub-Committee has organized 19 CPD seminars, which is the largest in number in recent years.

### Local Affairs

All businesses emphasize on marketing and image building. I have actively participated in local affairs related to the construction industry, aiming

to increase the publicity and social status of the QS profession. These included the WKCDD, New Cruise Terminal Development, Central Waterfront and Tamar Development, Wan Chai Development Phase II so on and so forth. We received encouraging feedbacks from major stakeholders.

### Visit from the QS and Construction Faculty of RICS

Michael Sullivan, the Vice-Chairman, QS and Construction Faculty of RICS, has visited QSD on 2 November. Sam Cheng, immediate past chairman; Stephen Lai, Honorary Secretary, Y M Lee and myself attended the meeting, during which we exchanged views on the latest quantity surveying practices. We have been invited to join the RICS working group on measurement initiatives linking between SMM, cost planning, shorter bills, full bills and whole life costing. Mr Sullivan also clarified that they have developed some measurement standards for various purposes, but these are not international SMM.

### Visit from the Ministry of Construction, Beijing

A delegation of top Mainland government officials, led by Deputy Minister of Construction Liu Zhi-feng, visited HKIS in the afternoon on 3 November. The meeting was attended by the HKIS President, Senior Vice-President, Vice-President, QSD Vice-Chairman, Honorary Secretary and other council chairmen and council members.

The Deputy Minister of Construction introduced the various MOC departments, their respective roles and duties apart from suggesting that there should be more exchanges between both parties. HKIS expressed that while various reciprocity agreements had been signed with counterparts in the Mainland, our members are still not able to register under the current statutory registration system; it is our wish that they could resolve the difficulties in due course.

### Visit from Building Surveyors Institute of Japan (日本建築積算協會) (BSIJ) and Open Forum on the Proposed Reciprocity Agreement

Takayoshi Sato, council member of the Building Surveyors Institute of Japan (日本建築積算協會) visited QSD on 6 November to further discuss the proposed reciprocity agreement between HKIS(QS) and BSIJ. More than 10 QSD council members attended the meeting starting at 5:30

pm during which we learnt more about the BSJI and also clarified the classification/ranking of membership. Mr Sato also delivered a CPD seminar entitled "Regeneration of Construction Industry at Japan" to the general HKIS members. Over 70 members attended this CPD seminar.

Immediately after the CPD seminar, we held an open forum on the proposed reciprocity agreement between HKIS and BSIJ. The initially proposed conditions of the reciprocity agreement for both sides are as follows:

- one year's local relevant post qualification professional practice;
- submission of a detailed record of professional experience undertaken; and
- a professional interview to verify the applicant's professional competence and suitability for admission.

Since BSIJ members are subject to our assessment, the HKIS will only accept BSIJ members who can reach the same professional standards as other qualified members.

During the open forum, Mr Sato also presented the BSIJ and the types or ranks of BSIJ member. Since BSIJ is based on an entirely different institutional structure from ours, members have also raised a number of questions during the open forum. It is thus believed that our members should have a good understanding about BSIJ.

After the open forum, our council members had a dinner with our guest to explore further collaborative opportunities between both institutes.

### Mainland and Hong Kong Closer Economics Partnership Agreement (CEPA) and 9<sup>th</sup> MOC Meeting on Mutual Recognition of Professional Qualification

The CEPA IV signed by the HKSAR and Central People's Government on 27 June agrees to allow Hong Kong services suppliers to set up wholly-owned construction engineering cost consulting enterprises (CECCE) in the Mainland. When applying for CECCE qualification, the performance of the Hong Kong service suppliers in both Hong Kong and the Mainland is taken into account in assessing their qualification in the Mainland.

A meeting was held with the ETWB of the HKSAR Government on 8 November morning in order to understand and facilitate the relevant arrangement. The meeting was attended by representa-

tives from most QS firms, including WTP, Widnell, Beria, L&B, DLS, Northcroft and Brechin. During the meeting, we discussed key issues such as how to register a QS firm under CEPA and whether this can directly be registered as Grade A firm. All in all, the meeting was useful for ETWB to understand our difficulties in a firm's registration under the framework of CEPA.

On the other hand, the QSD council is also eager to resolve the long-lasting issue on registration of individual members in the Mainland in the forthcoming 9<sup>th</sup> MOC Meeting on Mutual Recognition of Professional Qualification to be held at Beijing on 14 November. We hope that a simplified registration form (or system) could be sorted out before long.

### Concluding Remarks

I would express my sincere thanks to the Vice-Chairman, Hon Secretary and all council members for their contribution. The QSD Annual General Meeting was held 5 December 2006 when a new council was elected. I wish the new QSD council a successful year.

Chairman  
JO  
Billy WONG

# Junior Organization

Divisional  
Council  
&  
Junior  
Organization  
Reports

**Y**ear 2006 has been a fruitful year for the JO. I truly believe our concerted effects have achieved the major goals which we set at the last AGM:

- To promote and enrich the professional, educational, social and cultural life among members of JO;
- To serve as a link between the Institute and undergraduates;
- To promote volunteer service in the professional field and in the community

We had over 2,800 members who participated in various activities organized by JO this Year.

## Professional and education development

**CPD** One third of HKIS CPDs were organized by JO. A total of 33 events (out of 94 for HKIS as a whole) were organized this year, giving a wide variety of choice for members.

I would like to highlight that tailored-made APC series were organized for different divisions with a view to assisting probationers for their APC preparation and to enrich the professional development for members. The responses have been very positive.

**Site visit series for Four Cross-Strait Region 2006 (海峽兩岸四地考察)** To provide an opportunity for members to further understand current and further developments of the real estate and construction industries in the four Cross-Strait Region, we organized/participated this year 9 site visits covering the four Cross-Strait namely, Hong Kong, mainland China, Macau and Taiwan.

### Hong Kong

- Jan Half Day Technical Visit – Central Reclamation Phase III
- May Site Visit to Tsim Sha Tsui Hotel & Retail Development
- Jul Site Visit to the Public Transport Interchange (PTI) at TST East
- Oct A better understanding of MTR Operations – Visit to Operations Training Centre and

Operations Control Centre

### Mainland China

- Jan 深圳考察 - 華僑城地王 - 百仕達紅樹西岸營銷交流
- Jul Pearl River Delta Visit for Young Professionals
- Nov 廣東省城市規劃、建築、房地產、風景園林行業青年人員交流

### Macau

- Jul Macau Site Visit – The Venetian and Future Development of Macau

### Taiwan

- Sep JO Study Tour

## Social events

To promote a well-balanced life for members, a variety of social events has been organized.

### Sweat and Tears of the HKIS Dragon Boat Team

Hard work has paid off for the HKIS Dragon Boat Team. We are the CHAMPION of “B-Chinese Men’s Cup” amongst 34 competitors at the Stanley Dragon Boat Championship 2006 held on Tung Ng Festival, 31 May 2006. Our hearts and spirit won us lots of fans amongst the public spectators. I like to thank all OC members, paddlers, helpers and supporters for their contributions to turn the HKIS team into the CHAMPION.

## Other events

- Feb Hiking@Sai Kung
- Mar JO Basketball Cup
- Mar to Jun Dragon Boat Race Training
- May JO Golf Fun Day at Asia Golf
- May Pre-Dragon Boat Party
- May Stanley Dragon Boat Champion 2006
- Aug BBQ and Water Sports Fun Day
- Sept & Oct Dance Class (Jazz)
- Oct 筲箕灣國慶龍舟中龍賽
- Dec JO Annual Dinner
- Dec JO Kitchen

## Joint Institutional Events

We have actively co-organized and participated in

various joint professional institutions events. We not only served HKIS members but also built up a relationship with members of other professional institutes.

- Feb Badminton Competition
- Mar Soccer Competition
- Jun Joint Institute Tennis Tournament
- Oct Hong Kong Medical Association Swimming Gala, 4 x 100
- Nov Hong Kong Medical Association – Family Sports Day 2006, 4x100M, Inter-Professional Relay

**Community and volunteer services** JO has formed a working group for Community Services this year, the aim is to promote and encourage members to participate in volunteer work in the community. I would like to report our current development:

- On behalf of HKIS, we submitted a Nomination for Caring Organization Award organized by The Hong Kong Council of Social Service in September.
- To encourage members to participate volunteering services for the community, we have prepared a “Professional volunteer accreditation programme for HKIS members”. The programme is co-organized with Agency of Volunteer Service (AVS).
- HKIS General Council approved formally to form an Organizing Committee for community and volunteer services.

**A link between the Institute and undergraduates** JO has been invited by HKU, POLYU and CityU to conduct briefings on the surveying profession for undergraduates. I believe they can derive from these a better understanding on the Institute and the construction industry. They were encouraged to become our student members and to participate in JO events. We received over 100 applications from the visits this year.

- Jan The Hong Kong Polytechnic University Building and Real Estate Students’ Society – Seminar
- Mar The City University of Hong Kong Department of Building and Construction
- Apr The University of Hong Kong Surveying Students’ Society – JO Visit
- Oct The University of Hong Kong Surveying Students’ Society – Information Day

- Nov The Hong Kong Polytechnic University Building and Real Estate Students’ Society – Seminar

### Annual dinner

The HKIS-JO Annual Dinner Party 2006 was successfully held on 2 December at Paparazzi Club, Central. We were delightful to have over 170 participants joined the party. Special thanks must give to our President, CH Wong and our Vice President, KH Yu, HKIS Council members, representative from the Liaison Office and legislative councilor, the Hon Patrick Lau to be our honorable guests and shared our happiness moment. To cope with our party theme of Clubbing Professions we had invited representatives from other professional institutes such as HKIA Young Committee, HKILA, RICS-Matrix, Young Barristers Committee, Law Society YSG, CIArb HKYMG, HKICPA, HKIP, HKIE-YMC, HKMA and Gammon YEG. JO members, students from HKU, PolyU and CityU.

### Conclusion

Last but not least, my gratitude must go to my office bearers, committee members, co-opted members and all helpers. I would like to express my sincere thanks to senior members and the HKIS administration office – without their efforts and support, the above would not have been possible.

# Board of Education

**A**ccountable to the General Council for all education matters, the Board of Education (BOE) is commissioned to scrutinize, validate and keep under review academic qualifications for admission to the Training Grade of the Institute and to develop, implement and control the qualifying mechanism to corporate and technical membership of the Institute.

The BOE met 6 times during the year 2006 and the membership comprises:

WONG Bay	Chairman
HO Kui Yip Vincent	BSD
WONG Kam Wah	BSD
Dr POON Wing Cheung Lawrence	GPD
KWAN Ping Wan Susanna	GPD
TANG Hong Wai Conrad	LSD
KWAN Lam Fat	LSD
LAI Yuk Fai Stephen	QSD
TANG Ki Cheung	QSD
LAM Ka Fai Francis	PDD
CHAN Kwok Hung Kenny	PFMD
CHAN Ho Ki Claudia	JO
WONG Yiu Cho Joseph	JO
Professor CHUNG Hung Kwan Barnabas	Co-opt member

## Surveying Course Accreditation

In 2006, the Board of Education established a Panel of Experts from which members will be selected to form working parties to undertake the vetting, assessment and accreditation functions of surveying courses as and when instructed by the Board. As at 31 December 2006, the Panel comprised the following members:

### Building Surveying Division

AU Choi Kai	CHAN Jor Kin Kenneth	CHAN Kai Hong
CHAN Kwok Hung Kenny	Dr CHAN Man Wai	CHENG Po Ming
CHEUNG Kwok Ho Richard	CHOW Kon Man Augustine	Dr HO Chi Wing Daniel
WONG Loi Fat Alex		

### General Practice Division

CHAN Suk Man Ingrid	CHEUNG Yat Fai Ronald	HASTINGS Eileen Mary
KO Sin Lun Esther	LAM Ka Fai Francis	MAN King Fai
MO Chan Ming	Dr POON Wing Cheung Lawrence	WAN Wai Ming Tony
YIM Wai Man Christina		

### Land Surveying Division

CHAN Hak	CHENG Wai Pun	Professor CHEN Yong Qi
KWAN Lam Fat	Professor LEUNG Shou Chun	Professor MOK Chi Ming Esmond
NG Tsan Wing		

### Planning & Development Division

CHENG Tak Yiu Eureka	LAM Chi Ming Kempis	LAM Ka Fai Francis
LAU Tak Francis	SO Chun Hin Albert	TSANG Ching Lun Edwin

### Property & Facility Management Division

CHAN Jor Kin Kenneth  
CHAN Wai Kin  
Dr HO Chi Wing Daniel  
LAM Tsan Wing Alexander  
SO Hung Fai

CHAN Kwok Hung Kenny  
CHAN Yuk Ming Raymond  
LAI Chin Hung Gary  
MAN King Fai  
TANG Chiu Man

Dr CHAN Man Wai  
FOK Eugina  
LAM Kwok Wing  
NG Chun Wah  
YEUNG Man Kai Gary

### Quantity Surveying Division

BERRY Kim  
CHEUNG Tat Tong  
LAI Yuk Fai Stephen  
Dr NG Shiu Tong Thomas  
TUNG Yau Ming Gregory

Dr CHIANG Yat Hung  
Dr HO Hok Keung Paul  
LEUNG Hing Fung  
Dr NG Wing Fai  
WU Shek Cheong Bernard

CHENG Sum Hing Sam  
KWAN Tin Che Spencer  
Dr LIU Mei Mai Anita  
POON Kan Young Kenneth

Accreditation of surveying courses continued to be pursued in accordance with the approved **Policy and Procedures for Course Approval, Maintenance and Review**. During the year, one local degree programme was accredited.

The Board wishes to take the opportunity to express its appreciation to all members on the Panel of Experts who have contributed much of their time and energy to various vetting and assessment activities.

#### Assessment of Professional Competence (APC)

The revised APC Rules & Guide for the LSD, PDD and QSD have been endorsed by the General Council in 2006. During the calendar year of 2006, there were 274 new APC candidates (66 BS, 88 GP, 14 LS, 99 QS and 7 PFM) while no candidate has yet registered for the PD APC. This represents an overall increase of 30.5 % over the 2005 figure of 210 candidates (77 BS, 48 GP, 15 LS and 70 QS).

Apart from PD and PFM Assessors of which have yet to be recruited, there are currently 270 BS, 142 GP, 62 LS and 369 QS Assessors. The full lists of the Divisional Panel of Assessors are in the Annexes. The Board of Education wishes to record a note of appreciation to all the Assessors who have made much contribution to help maintaining the professional standard of the new surveyors. In order to help APC candidates to better prepare themselves for the assessments, the Junior Organization in collaboration with the respective Divisions organized workshops and training programmes, which were well received by candidates.

The Practical Task of the BSD was held on 6 to 9 November 2006 with the participation of some 111 assessors and modulators. A total of 122 candidates attempted and 61 (50%) passed. There were 69 candidates undertaking the Practical Task for the first time and 37 (54%) passed. Professional interviews were conducted throughout the year. A total of 26 candidates presented themselves in

2006 for professional interview and 15 (58%) were found satisfactory. A critical analysis is required upon completion of the 21st month of training. There were 67 candidates undertaking the analysis and 19 (28%) passed.

The Written Assessment of the GPD was held on 12 October 2006. A total of 92 candidates took part and 52 (57%) passed. Professional interviews were conducted for 69 candidates of whom 37 (54%) were found satisfactory.

During the year, 1 Land Surveying candidate applied for the Final Assessment and passed.

On 20 to 21 September 2006, 351 candidates attempted the Practice Problem of the QSD. The papers were each moderated by three assessors and 75 candidates (21%) passed. Professional interview for 102 candidates were conducted and 75 (74%) were found satisfactory.

#### Assessment of Technical Competence (ATC)

A subcommittee was formed in the QSD to promote and handle the TA applications. For the LSD ATC, a total of 19 ATC candidates were assessed and 16 (84%) passed the final assessment.

#### Policy and Procedures for Course Approval, Maintenance and Review

The Board of Education has considered the report submitted by Dr Lawrence Poon and Kenneth Chan on the captioned review and the following recommendations were endorsed:

#### Local Degrees

Instead of having a local university submitting its programme to HKIS for accreditation after completion of its internal approval procedures, HKIS will appoint experts to join its programme planning team so that if the HKIS experts confirm that their comments have been well taken, accreditation of the programme will be endorsed

by BOE for GC's approval. This arrangement applies to both new programmes and revised programmes. If a local university does not invite HKIS to delegate members to join its programme planning team, it can still submit its programme to HKIS for accreditation after its internal approval procedures.

### Mainland Degrees

Some Mainland experts will be appointed and added to the existing Panel of Experts of BOE to identify and assess the suitability of degree programmes offered by mainland universities which are on the list of recognized universities of Education and Manpower Bureau (EMB). If a programme has been identified by a Mainland expert to be suitable, the BOE will request the concerned university to submit its curriculum for assessment by a working party appointed from other members on the Panel of Experts.

*Overseas Degrees offered in countries without a national professional body recognized by HKIS or Overseas Degrees not yet recognized by its national professional body*

If a degree programme is submitted by a membership applicant to HKIS for consideration and the BOE preliminarily considers it worthy of further consideration, the degree will be assessed by a working party appointed from members

on the Panel of Experts to see whether the programme by itself can be accredited by HKIS or is only acceptable on an individual basis having regard to the whole academic portfolio of the applicant. If it is the former, the programme will be added to the HKIS accreditation list.

For cases other than those mentioned above, accreditation will be conducted according to the existing "Policy and Procedures for Course Approval, Maintenance and Review" which will be revised by the Working Group chaired by Kenneth Chan. However, it is expected that cases under this category will be very rare.

To cater for the needs of the industry and assuring quality of potential surveyors, the BOE would plan further visits to the Universities offering non-cognate degrees together with the DEC to strengthen students liaison. Future plans in the years ahead will include visits to the Universities and secondary schools to promote the surveying profession and attract bright students joining the profession.

To sum up, it has been another busy year for the members of BOE, DEC, Assessors and the Panel of Experts. I would like to take this opportunity to express my gratitude to all colleagues who have worked extremely hard and contributed substantially to the profession. Thank you so much for your dedicated service!

# Board of Membership Report

A total of 633 applications were processed in 2006. Across all Divisions and all grades of membership, the current statistics as at 31 December 2006 (comparisons with the December 2005) are as follows:-

BSD	: Fellows	77	(no change)
	: Members	621	(3.33% increase)
	: Technical Associates	0	(no change)
GPD	: Fellows	149	(3.25% decrease)
	: Members	1,312	(2.98% increase)
	: Technical Associates	1	(no change)
LSD	: Fellows	37	(2.78% increase)
	: Members	158	(0.64% increase)
	: Technical Associates	49	(58.06% increase)
QSD	: Fellows	180	(no change)
	: Members	1,731	(19.21% increase)
	: Technical Associates	6	(no change)
PDD	: Fellows	6	(20% increase)
	: Members	11	(22.22% increase)
	: Technical Associates	0	(no change)
PFMD	: Fellows	76	(7.04% increase)
	: Members	571	(9.18% increase)
	: Technical Associates	0	(no change)
Probationers	: All Divisions	2,370	(2.55% decrease)
Students	: All Divisions	189	(22.73% increase)
Technical Trainees	: All Divisions	2	(100% increase)
Fellows (All Divisions)	:	445	(0.89% decrease)
Members (All Divisions)	:	3,828	(9.68% increase)
Technical Associates (All Divisions)	:	56	(47.37% increase)
All Probationers & Students	:	2,559	(1.04% decrease)
Total	:	6,894	(5.03% increase)

**The following are some of the milestone events for 2005/06:-**

- 1) The increase in members was topped by the QS Division which recorded 279 more members (a 19.21% increase) compare to one marginal increase in member for the LS Division. In contrast, the LS Division has the largest number of Technical Associates (49 no.) and a record of 58.06% increase in this category.
- 2) The Property and Facility Management Division, since its formation in year 2005, has continued to attract members and recorded an increase of 48 members in year 2006, an increase of 9.18% in members.
- 3) Due to the acceptance criteria for Probationers and Technical Associates being benchmarked to acceptance criteria for equivalent standards acceptable to local surveying institutions in foreign countries, the BOM has decided that applicants for Probationer membership and Technical Associate will be advised of obtaining

confirmation of acceptance for academic achievements before submitting applications to the BOM in order to avoid double handling in administrative time and for the purpose of expediting the current pace of processing applications by the divisional representatives and the BOM.

- 4) Due to the increase in GC meetings from four times a year in 2005 to six times a year in 2006, the BOM has convened more meetings where necessary to process membership applications. There were five meetings convened by the BOM in year 2006.
- 5) The BOM has reviewed the membership application approval procedure and refined the application forms accordingly.

During the last year, with the assistance Mr KK Chiu, immediate past Chairman of BOM being a co-opt member to sit in the BOM and with the continued assistance of Ms Kiny Hung, the Board continues to run smoothly.

**Board of Membership 2005/06 Composition**

Chairman		KWOK Kim Sang, Evenlyn
Deputy Chairman		WONG Thien Nyen
Members:	BSD	CHEUNG Tin Cheung
	BSD	FU Chi Kwong, Edward

# Board of Professional Development

The Board of Professional Development comprised the following membership for session 2005/2006.

Professor Barnabas CHUNG Hung-kwan  
Kenneth CHAN Jor-kin  
Dr Daniel HO Chi-wing  
Ronald CHEUNG Yat-fai  
Monita LEUNG Lai-hung  
LAM Hok-lam  
Eric TANG Sze-kin  
Edwin TSANG Ching-lun  
Albert SO Chun-hin  
Alan WONG Shing  
Daniel HUI Wah-lun  
Sam CHENG Sum-hing  
Spencer KWAN Tin-che  
Lesly LAM Lik-shan  
Grace CHENG Wai-yee

Chairman  
BSD  
BSD  
GPD  
GPD  
LSD  
LSD  
PDD  
PDD  
PFMD  
PFMD  
QSD  
QSD  
JO  
JO

In pursuance to the provisions of Part VII of the Bye-Laws, the Board continued to consider policies and control mechanism for mandatory continuing professional development and lifelong learning to help members enhance not only their professional competence but also their social status as professional surveyors. This is to require all professional and technical members to engage themselves in a continuous process of sharpening their expertise and broadening their specialist knowledge base. It is only with consistently high and ever-improving professional competence of its members that the Institute may strengthen its strategic position in the property industry, for the long-term sustainability of the surveying profession in Hong Kong. The Guidance Notes for Mandatory Continuing Professional Development was endorsed by the General Council in July 2006 and will be issued to all professional and technical members in due course.

The Board also perceived the need to promote members' professional and social status and conceived the notion of certification of professional specialization. Divisions have been requested to identify marketable designations for consideration. With more detailed and structured input from Divisions, the Board will formulate a formal proposal for further deliberation.

In 2006, 80 CPD events were organized by the various Divisions and the Junior Organization (JO), which reflected a 4% increase from 77 of the previous year. Apart from the 5 institutional events, JO continued to be the principal CPD organizer providing 28 events (including 5 PQSL events). The ranking order of the other Divisions was QSD (20), BSD (11), LSD (6), GPD (5), PFMD (2) and PDD (2). With the intention to generate CPD packages, the Board had video-taped selected CPD events as a trial run. Hopefully, on-line CPD packages can be made available to members in the near future.

持續進修 提昇專業水平 鞏固基礎 發揮專長  
終生學習 發展全人理想 擴張領域 啟發潛能
